This course is designed to help the Graduate Student find his or her own voice and style through the medium of his or her choice.

ACADEMIC RESPONSIBILITIES
The graduate student has two responsibilities:
1. To produce a body of work with an emphasis upon IDEAS and CRAFTSMANSHIP in exploring the possibilities of meaningful themes in three dimensional forms.
2. Presentation. To complete this requirement the student will research an artist or technique and make an oral presentation (a bibliography citing the sources used during research is required).

Work outside scheduled class hours will be necessary to complete assignments. The open studio situation requires students to be responsible for the SAFE use of tools and equipment, and for maintaining a CLEAN and SAFE work environment.

An important element in the learning process is the attitude of the student toward his work and the work of his fellow students. Sculpture is created in an atmosphere of collaboration; students are expected to help create such an atmosphere in the class.

As your instructor, I will not make decisions for you. My role is as a catalyst for ideas and to help you establish contact with your creative potential by removing technical obstacles.

STUDENT LEARNING OUTCOMES
Each student will be able to offer an oral critique of sculptural products. Each student will use his/her hands and tactile responsiveness as a perceptive sense in creating sculptural form. The student will be able to understand shop technology and safety.

CRITIQUES
Participation in the critiques is required. The students will be asked to explain their work to the class and defend it on its aesthetic merit. The work will be evaluated on craftsmanship, creativity, and the ability to communicate an idea.

STUDIO
A high level of personal discipline in maintaining the studio and all equipment is required of each student. It is expected that each student clean up the area he/she has been working in before leaving the studio. Failing to do so will cause a student’s grade to be lowered one letter grade.

SAFETY
A failure to conform to safety procedures at any time will cause a student’s letter grade to be lowered one point, or a student may be asked to drop the course. Students must wear eye protection, and dress in clothes suitable for an art studio.

GRADES
Each project is of equal weight for the final grade. Each project will be graded on 5 criteria. The final critique all assignments must be presented. The final grade can and will be reduced in cases of excessive absences.

SUPPLIES
The Art Department uses material fees to provide supplies for the class as a whole. Students are expected to purchase supplies that are necessary to produce final individual projects.

Project Calendar
August
  24  Individual projects
  29  Studio Practice
  31  Studio Practice
September
  05  Studio Practice

ACADEMIC ADVISING
The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. The Academic Advisor will set up a degree plan, which must be signed by the student, a faculty mentor, and the department chair. The College’s Academic Advising Center is located in Driftwood 203E, and can be reached at 825-3466.

NOTICE TO STUDENTS WITH DISABILITIES
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at 361.825.5816 in Driftwood 101.
If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at 361.825.5816.

Grade Appeal Process

As stated in University Rule 13.02.99.C2, Student Grade Appeals, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal.

A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. If the problem cannot be resolved at this level, the student may take the steps below.

1. Presentation of grievance to instructor. (This step must be taken within fourteen calendar days after the beginning of the next term.)
2. Appeal to department chair or area coordinator.
3. Written appeal to the University Academic Standards Grievance Committee.
4. Preliminary review and advising by an ombudsman appointed by the Provost.
5. Submission of file by department chair to the chair of the University Academic Standards Grievance Committee.
6. Review of file by committee chair and submission of case to committee.
7. Proceedings of the University Academic Standards Grievance Committee. (Committee holds hearing, reviews data, presents findings to all parties, and makes recommendation to Provost.)
8. Decision by Provost.
9. Final appeal in writing to the Provost if student or instructor thinks appropriate procedures have not been followed.

For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Rule 13.02.99.C2, Student Grade Appeals, and University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Website at http://www.tamucc.edu/provost/university_rules/index.htm. For assistance and/or guidance in the grade appeal process, students may contact the Office of Student Affairs.
