I. Course Description (3 semester hours)
This course is an orientation to the profession of counseling, its history, professional standards, code of ethics, credentials, areas of specialization, and the development of skills necessary to create a helping relationship. It covers the counselor’s professional identity in a variety of settings and roles. Opportunities are provided for students to discover through self-awareness their suitability for the helping profession.

II. Rationale
This course is designed to give students an overview of the counseling profession and to help examine personal motives for becoming helpers. It should be taken early in a student’s counselor preparation program.

III. State Adopted Proficiencies for School Counselors
Standard I Learner-Centered Knowledge: The certified school counselor has a broad knowledge base.

Standard II Learner-Centered Skills: The certified school counselor applies the knowledge base to promote the educational, personal, social, and career development of the learner.

IV. TExES Competencies
Competency 001 (Human Development): The school counselor understands processes of human development and applies this knowledge to provide a developmental guidance program, including counseling services, that meets the needs of all students.

Competency 008 (Collaboration with Families): The school counselor knows how to communicate effectively with families and establish collaborative relationships that enhance work with students.

Competency 009 (Collaboration with Others in the School and Community): The school counselor understands how to work collaboratively with other professionals and with community members to promote positive change and to facilitate student learning.

Competency 010 (Professionalism): The school counselor understands and complies with ethical, legal, and professional standards relevant to the profession.
V. Course Objectives/Learning Outcomes

This course is designed to meet CACREP II 2009 Standards. The following standards are covered in this course.

9. Know the importance of research in advancing the counseling profession (CACREP Standard II-G-8-a). Achievement is evidenced by 100% of students completing Case 16 Joel and receiving credit for completion. See Rubric B in section XIV.

VI. Course Topics
The major topics to be considered are: Orientation to the profession of counseling including, ethical and legal issues, licensure, professional organizations, theoretical paradigms, basic counseling skills, supervision, consultation, advocacy, multicultural,
assessment, accountability, and outcome research.

VII. Instructional Methods and Activities

Methods and activities for instruction include:

A. Traditional Experiences (lecture/discussion; demonstration; guest speaker; on-line activities; video; case studies)
B. Clinical Experiences (simulations; cooperative groups; student demonstrations or presentations; guided discovery; role play)
C. Field Experiences (use of community resource)

VIII. Evaluation and Grade Assignment

The methods of evaluation and the criteria for grade assignment are:

1. Examinations: There are two examinations, a midterm and a final. Questions are objective, in preparation for state licensure examination, such as multiple-choice, true and false, and case scenarios. The midterm will include an additional essay section to cover counseling theories. There will be no make-up exams given unless documentation is provided by a professional stating the reason for the absence.

2. Face-to-Face Interview: This hands-on outside assignment requires students to have a face-to-face experience to explore the world of a practicing professional and to help students understand professional roles, functions, professional identity and relationships with other human service providers. To maximize learning, students turn-in a 4 to 5 page report using APA writing format and present a one-page summary of the interview in class to share knowledge of opportunities in the community.

3. Informed Consent Form: Students develop an informed consent. Specifically, address ethical and legal considerations related to the practice of clinical mental health counseling. (Homework Assignment)

4. Case Studies: Case studies are prepared in advance of the class session to ensure full class participation and to earn a homework grade. (Homework Assignments)

5. Journal Entries: Journal questions are posted on Blackboard and must be completed by the specified time to receive credit.

7. Group Assignment:

Assignment- History and Philosophy of Counseling Profession

- Select an assignment for your group
- Divide the work among the members
- Research in your text and online for additional information
- Supplement text information with three or more lines of text for each entry
- Compile material into one document
- Post completed assignment on Blackboard
- Present in class
6. **Group/Class Participation:**
Students must complete homework assignment prior to class and be physically present in class to get credit for participation.

**Methods and Percentage of Final Course Grade**
The grading system is based on the accumulation of points.

**B. Class Policies**

- Students are expected to attend all class and to be on time.
- Students are expected to be courteous by turning off cell phones and/or other electronic devices during class.
- Students are expected to notify the professor if an unavoidable absence is required and he/she should consult with small group members about class notes, handouts, and/or exercises. Points (15) will be deducted from the final grade for three or more absences except in extenuating circumstances.
- Students are expected to consult Blackboard to prepare assignments ahead of time to avoid a late penalty. All late assignments will receive a 10% late penalty.
- Students are expected to participate actively in class and complete journal assignments.
- Students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in no credit for the work in question.
- Students please consult with professor before deciding to drop a class. **Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. Check for the last day to drop a class with an automatic grade of “W” this term.**

XII. **Grade Appeals**

As stated in University Rule 13.02.99.C2, Student Grade Appeals, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Rule 13.02.99.C2, Student Grade Appeals, and University Procedure 13.02.99.C2.01, Student
Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Office of Student Affairs.

XIII. Disabilities Accommodations
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

B. Case Studies

Case 1 Christy
Christy, a 25 year-old, decided to seek a Master’s degree in Counseling at TAMUCC. She is kind and thoughtful and enjoys helping others. After her first counseling class, *Introduction to Counseling*, Christy was surprised to learn that she needed more than the degree before she could become a licensed counselor. As soon as she got home from class, she called you because she remembered you had gone through the program at TAMUCC.

1. How would you begin to help Christy?
2. What are the requirements to become a **Licensed Professional Counselor** (LPC)?
3. What are the requirements at TAMUCC for Practicum/Internship?
4. What professional organization(s) would be helpful to Christy?
5. What other suggestions would you make to help her learn more about the profession?

**Homework Grade: Credit/No Credit.** Rubric for Credit: Completed all questions as assigned.

Case 16 Joel
Joel, 25 year-old, is planning on becoming a licensed professional counselor. He is currently in the counseling program at TAMUCC. He is keenly aware of the importance of research in advancing the counseling profession. He knows he has an ethical responsibility to learn counseling methods grounded on theory and empirically validated though research.

1. If a counselor means well, and has a kind and caring disposition, is that enough to prevent doing harm?
2. Is a counselor doing harm by not using empirical data to drive practice and interventions?
3. Of the many reasons that contribute to the gap between research and practice, what might be some of the most difficult to overcome?
4. What ideas can you think of that could help reduce the problem?
5. What do you know from research about the effectiveness of counseling in client-counselor characteristics? Individual approaches? Group approaches? School-based student interventions? **Homework Grade: Credit/No Credit.** Rubric for Credit: Completed all questions as assigned.

C. Study Guides

Chapter 1
1. Explain the importance of understanding a profession’s origination and history.
2. Compare and contrast psychotherapy with counseling.
3. Describe two significant changes or occurrences for each decade beginning with 1907, 1920’s, 1930’s, 1940’s, 1950’s, 1960’s, 1970’s, 1980’s, 1990’s, 2000, and 2010 that contributed to the rise of counseling as a profession.
4. Describe the effects World War II had on the rise of the counseling profession.
5. Describe the uses of technology in counseling. **Homework Grade: Credit/No Credit.** Rubric for Credit: Completed all questions assigned.

Chapter 2
1. Describe the **American Counseling Association** (ACA) and its functions.
2. Compare and contrast passion and work setting **divisions** within ACA and provide examples of each.

3. What is CACREP? What does the process include? What are some advantages of attending a CACREP accredited counselor education program?

4. Describe the purposes of credentialing and licensure.

5. Explain Gladding’s (2004) four levels of credentialing procedures.

**Homework Grade: Credit/No Credit. Rubric for Credit: Completed all questions assigned.**

**D. Additional Homework Assignments:**

**Individual Development Plan**

**PROFESSIONAL GOAL—to develop a professional identity**

Students design their own plan and target the following areas:

**Professional Orientation**

1. Gain knowledge about the counseling profession by becoming a member of a professional organization within the first year in the program.

2. Participate in a workshop, seminar, or conference once a year.

**Ethical Practice**

1. Join a professional organization and read the Code of Ethics. Write a one-page response on how the Code of Ethics will be used in practice.

2. Read two peer reviewed articles from journals in the profession once a year.

**Social and Cultural Diversity**

1. Develop cultural self-awareness by processing own cultural identity and writing a one-page reflection.

2. Understand the Multicultural Competencies and address each area by the end of the fourth semester of classes.

**Advocacy**

1. Advocate on behalf of the profession by responding to a minimum of two Calls to Action by the professional organizations per year.

2. Advocate by promoting cultural social justice in class or in the community yearly.

**Credentialing**

1. Explain orally the process for licensure in Texas.

2. Explain the CACREP accreditation process.

**Human Growth and Development**

1. Understand growth and development over the life span. Identify two theories by the end of the first academic year.

2. Read two articles in professional journals that address addictive behavior. Provide a one-page reflection on each article.

**Helping Relationship**

1. Research studies that document the importance of the helping relationship. Write a description of the findings from two studies found in professional journals.

2. Identify the counselor characteristics help promote a therapeutic relationship. Compare the characteristics with personal characteristics. Show the comparison.

**Theoretical Orientation**

1. Identify an assessment tool and take the assessment on theoretical orientation the first semester and take the same assessment the semester before starting Practicum.
2. Develop a personal theoretical model. Bring copy to advisor before the start of Practicum Wellness

**Journal Entry 1**
1. What are some barriers you have encountered in your own development? 2. How have you dealt with these barriers? 3. What one area in your life will you commit to working on during this course? Be specific to measure your success at the end of the semester. **Homework Grade: Credit/No Credit. Rubric for Credit: Completed all questions assigned.**

**Informed Consent Form**
Develop an Informed Consent Form: You are getting ready to open up your own private practice. You have gathered all the information to create your own Informed Consent Form. What will it look like? You must cite your source or sources. **Homework Grade: Credit/No Credit. Rubric for Credit: Completed all questions assigned.**

**E. Advocacy for Counseling Profession.**
Students have an opportunity to earn one extra credit point by taking action to advocate for the profession. Documentation is required to get credit such as an e-mail or letter from a congressional office, an official, a professional organization. Each action is worth one point for a maximum of ten.
