General Psychology
PSYC 2301.001
Spring 2014

Anthony Zoccolillo, Ph.D.
Email: Anthony.Zoccolillo@tamucc.edu
Phone: 361-825-2390

Class Location: MWF 9am, BH 205

Office Hours (Bay Hall 318): M/F 10a-1050a, M/W 12n-1p, T 11a-12noon and by appointment

Contacting Me
The best way to contact me is through email. I generally will respond to email within 24 hours, except on the weekends. I am always ready and willing to make myself available to help you succeed in this course. I highly encourage you to come to me with your questions and concerns at any point that you need the assistance. I am very good at answering email and many of your questions could probably be answered in that way. For more complicated concerns, I encourage you to drop by my office or make an appointment so we can discuss whatever it is that is causing you to struggle. I advise you to identify and remedy any concerns as early as you can during the semester – the more time we have to address it – the more likely it is we will be able to resolve it in a way that allows you to be successful. If you wait until the end of the semester, there is little I can usually do to help at that point.

Course Description: General Psychology provides an overview to the fundamental areas and concepts in Psychology. Topics include methods of psychology, biological processes, learning and memory, personality and abnormal psychology, and social psychology.

Course Description Student Learning Outcomes

Learning outcomes for this course will include the students’ ability to:

- Describe psychological theories, principles and concepts relevant to the following topics: history and methods, biological bases of behavior, cognition, social behavior, personality, and psychopathology.
- Apply basic psychological principles to current events and daily human experience.
- Understand the ways that psychological phenomena influence health.
- Understand the scientific principles that underlie psychological research.
Course Requirements:

MyPsychLab (access included with text) is an online student class support system. As such, it is designed to provide you with supplemental lessons, videos, and exercises that are designed to help you master the material. More importantly, MyPsychLab allows the opportunity to do self-assessments as you prepare for exams. MyPsychLab is OPTIONAL for this section of General Psychology but is HIGHLY RECOMMENDED.

**Blackboard:** This course will use Blackboard. Please check it regularly, as announcements will be posted there, as well as any changes to the syllabus or assignments. If you do not know your login information for Blackboard, please contact the IT Help Desk, (361) 825-2692. If there are issues within your Blackboard course, please contact me first, as typically the instructor is the only one who can make changes/fix issues within a course. If you are having technical difficulties, please contact the IT Help Desk or your Internet Service Provider.

**EXAMS:** You will take **four multiple-choice exams** during the semester. The exams will cover material that is presented in the lectures or covered in the assigned readings.

**OPTIONAL COMPREHENSIVE EXAM:**
In addition to the four required exams, there will also be an **optional comprehensive exam (OCE)** on the assigned final exam date. Please note that this exam will be given on the finals date assigned to this class. You may choose to take the OCE to replace your lowest exam performance. It cannot hurt you to take the OCE, if you do worse on the OCE than your lowest exam score, your grades will remain as if you had not taken the OCE. **If you miss a regular exam for any reason, you must take the OCE to replace the missed exam grade; there will be no make-up exams.**

**ASSIGNMENTS:**
Note: All assignments must completed by the assigned due date. **Late assignments will not be accepted.**

Weekly Homework, in-class activities, and pop attendance quizzes may be assigned throughout the semester. These assignments are graded and will count toward your final course grade. Pop quizzes are typically worth 5 points each, while homework and class activities are typically worth 10-15 points each. Although the exact total of assignments may vary, the amount toward your final grade will be **20%**, the same as one exam grade.
% of total grade  ASSIGNMENTS:

80%  Exam average = _____*.80
20%  Homework/Activities/Quizzes = _____*.20
100%  Total= Exams + Homework/Activities/Quizzes

90-100% = A
80 – 89% = B
70 – 79% = C
60 – 69% = D
less than 60% = F

Expectations

Class will start on time every day, and you should expect it to run the full period. Please avoid disturbing other students (by arriving late, leaving early, talking with a neighbor, etc.). Make sure that your electronic devices are turned off.

I expect students to make every effort to attend each class. Should you find it necessary to miss class, please note that you will be held responsible for all material covered during the missed class. It will be your responsibility to speak with a classmate about the course content you missed.

Academic Dishonesty

All forms of academic dishonesty will not be tolerated in this class. This includes, but is not limited to: handing in another’s work as your own, using unauthorized notes in an exam, copying another’s answers for an exam, turning in the same papers for two different classes, purchasing or otherwise obtaining papers written by another and turning that work in as your own. It is expected that ideas and information used in your work, which are not part of your own personal experience, will be appropriately referenced (seek help if you do not know how to reference your sources; I can help you, and there are other resources available on campus). If academic dishonesty is suspected, I will follow the disciplinary guidelines in the TAMUCC student code of conduct.

Academic Advising

The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. The Academic Advisor will set up a degree plan, which must be signed by the student, a faculty mentor, and the department chair. The College's Academic Advising Center is located in Driftwood 203E, and can be reached at 825-3466.
**Notice to Students with Disabilities**
Texas A&M University–Corpus Christi complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. If you need disability accommodations in this class, please see me as soon as possible. Please have your accommodation letter from Texas A&M University–Corpus Christi Disability Services (DS) Office with you when you come see me. If you suspect that you may have a disability (physical impairment, learning disability, psychiatric disability, etc.), please contact the Disability Services Office (located in 116 Corpus Christi Hall) at 361.825.5816.

**Grade Appeal Process**
Students who feel that they have not been held to appropriate academic standards as outlined in this class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, [cla.tamucc.edu/students/studentinfo.html](http://cla.tamucc.edu/students/studentinfo.html). For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean.
