ART AND SOCIETY

Course Description:

The catalogue describes this course as follows:

“Designated for non-art majors. Establishes a working vocabulary for evaluating works of art in various media. Objects are interpreted in terms of their specific historical contexts and the changing relationships between art and society. This course does not fulfill the art history requirement for art majors. This course satisfies the university core curriculum requirement in fine arts.”

In this course we will examine the vocabulary utilized to describe art, discuss the processes utilized in making art and conclude with a short history of art through time. In addition, the student will develop critical thinking skills, communication skills, teamwork skills and an understanding of social responsibility.

Required Text:

Preble, Artforms, Eleventh Edition. An online version of the textbook and support materials may be purchased directly from the publisher. The course identification number at www.myartslab.com is rote37075 and the course title is “Art and Society”.

Student Learning Outcomes:

The goals of the course are to make students aware of the vocabulary utilized to discuss and describe art, of the processes utilized to create art and of the history of art in an abbreviated form. The outcomes of the course will include the development of critical thinking skills through the examination of individual works of art and how to describe and place them within a social and historical context.

1. Students will gain an understanding of these principles through readings, class participation and attendance in lectures. This knowledge will be measured by test performance and quality of in class reaction papers.
2. Students will write one paper which will measure their understanding of a number of the issues and ideas examined throughout the course.

3. Students will develop critical thinking skills based upon analyses of works of art, either through individual analysis or by using compare/contrast parameters. These critical thinking skills will be measured through written assignments and tests. (CT3)

4. Students will improve their communication skills by learning to develop, interpret and express ideas through written communication. (CS1) These skills will be developed through the analysis of a number works of art either by one single artist, by one single movement or by one culture.

5. Students will work together in teams to integrate different viewpoints (TW1). The students will be divided in small groups which will investigate varying interpretations of works of art through history. They will then prepare a written explanation of how the interpretations of their works changed through time.

6. The students will be able to demonstrate intercultural competence by exploring works of art from Non-Western cultures, alongside works from Western cultures (SR1). A sense of social responsibility will be developed by understanding varying cultural representations of art. Their understanding will be gauged through written assignments and tests.

**Grading:**

Your grade will be based upon:

1. Class attendance and participation (20%)
2. Exam # 1 (10%)
3. Exam # 2 (10%)
4. Exam # 3 (10%)
5. Exam # 4—Final Exam (20%)
6. One 750-1,000 word paper (20%)

1. The class attendance and participation grade will be based upon attendance in class, your contributions to class discussion, and the completion of assigned reaction papers. The reaction papers will consist of one to two pages of handwritten or typed responses to movies shown in class, comparison and contrast assignments, and questions posed based on class lectures by the professor.

2., 3., 4., & 5. Quizzes will consist of fill in the blank and/or short answer questions. Your text contains a study disk (also available online) that you can use along with your book to prepare for the tests.

6. The paper will be of 750-1000 words and must be typewritten using a double-spaced format. The papers must also contain a short bibliography of 2-3 book or periodical
sources (no websites allowed). The paper will be designed as response paper to a single work of art that particularly moves you. The topic will be due by September 22nd and the paper will be turned in on May 5th.

Grading Scale:

Your final grade for the course will be generated utilizing the four components listed under “Grading” in the percentages indicated.

1. 100-90 point average=A
2. 89-80 point average=B
3. 79-70 point average=C
4. 69-60 point average=D
5. 59-0 point average=F

Academic Honesty:

In accordance with university policy, “University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, forgery, or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work).”
(Undergraduate Catalogue)

“Disciplinary action for academic misconduct is the responsibility of the faculty member assigned to the course. The faculty member is charged with assessing the gravity of any case of academic dishonesty, and with giving sanction to any student involved.”
(Undergraduate Catalogue)

As outlined in the undergraduate catalogue, the punishment for academic dishonesty can range from a written reprimand to the assigning of an F for the work in question or the class in its entirety. In addition, severe punishment can result in the dismissal of the student from the program or the University.

My recommendation about cheating, is DON’T do it. It is not worth it! In my opinion, academic honesty is of the utmost importance. My personal policy is to give you a failing grade in the course if you are caught cheating on an examination or plagiarizing in a paper. My advice to you is to do the best you can on your own. When in doubt about how to reference information from outside sources, please ask my advice. I am more than happy to help you.

Attendance Policy:
Attendance in class is **VERY IMPORTANT** since a great deal of visual material is shown in class that is not in the textbook. You will be tested over this material on examinations. More than **THREE** excused absences will result in the lowering of your grade by one letter grade. Additional absences will result in the lowering of your grade by another letter grade. Three tardies, leaving during class or leaving early will also result in the lowering of your grade by another letter grade in the course.

**Cell phones and laptops:**

**Cell phones and laptops are not permitted in my class. Be sure that you turn off your cell phone prior to coming to class.** You are not permitted to text during class or leave class to talk on your cell phone. I will confiscate the cell phone of any student caught using their cell phone during class and will return it at my discretion. You need to concentrate on the images on the screen, so please do not bring your laptop. I have noticed that students on laptops do not ever look up at the screen. This lack of engagement will have a negative impact on your learning in this class.

**ACADEMIC ADVISING:**

The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. The Academic Advisor will set up a degree plan, which must be signed by the student, a faculty mentor, and the department chair. The College's Academic Advising Center is located in Driftwood 203E, and can be reached at 825-3466.

**DISABILITIES ACCOMMODATIONS:**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

**GRADE APPEALS PROCESS:** Students who feel that they have not been held to appropriate academic standards as outlined in this class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, cla.tamucc.edu/students/studentinfo.html. For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean.

THINGS TO THINK ABOUT WHEN ANALYZING A WORK OF ART
(not all of these questions need to be answered in your paper, this serves as a guideline for where to start in thinking about your paper)

Here are some of the things that you will want to think about when writing your analysis:

1. Give basic facts about the work:
   - What is the title?
   - When was the work done?
   - Where was the work done?
   - What medium was used?
   - What is the work’s size?

2. What is the subject of the work?

3. What is the purpose of the work?

4. What is the content of the work (what is the artist’s message)?

5. What period or movement does the work belong to?

6. What choices did the artist make concerning the formal elements and principles of design?

7. What does the work of art tell us about the cultural group who made it?

8. What is your response to the piece? How did the artist’s formal choice affect your response?

9. Where and how does the work fit into the history of art?

10. Did the artist use sources—either religious, historical or visual?

11. What do important scholars say about this work?

12. What is the work’s relationship to the worldview at the time it was created: religion, politics, economics, science, mathematics, psychology, sociology and so?
13. How does the work compare to earlier works or to works being done at the time?

14. What was the process of the piece?

15. What is the significance of the piece?

16. Is the work symbolic?

“The story behind a (work of art) transcends the work’s aesthetic qualities and offers a redemptive message, which may be the fundamental significance of art. It’s about us and our neighbors and humankind as a whole, a reflection of where we’ve been and where we’re heading, who we are and how we relate to this world. It’s about love and hate and desire and greed, about sensuality and tolerance and hope and faith. Joy, rage, compassion, contempt, boldness, conviction and courage—art is all these things, and more.

Art is about life, and ultimately the stories behind it are not art stories but human stories.”
