ART HISTORY SURVEY II

Course Description:

This course will provide a survey of painting, sculpture, architecture, and other art forms from Renaissance through Contemporary art in both Western and non-Western cultures.

Required Text:

Student Learning Outcomes:

The goals of the course are to make students aware of the history of art from the Renaissance through Contemporary periods in Western and non-Western cultures. The outcomes of the course will include the development of critical thinking skills through the examination of the numerous social and political forces that have impacted on the development of global art from the Renaissance to the Contemporary period.

1. Students will gain an understanding of the history of art from the Renaissance through the Contemporary periods through readings, class participation and attendance in lectures. This knowledge will be measured by test performance and quality of in class reaction papers.

2. Students will gain a deeper understanding of select areas of the history of art from the Renaissance through the Contemporary period by writing one paper on a selected topic. The work of art selected can be either from the Western tradition from the Renaissance through the Contemporary period or from any of the non-Western cultures and time periods included in the text book.

Grading:

Your grade will be based upon:
1. Class attendance and participation (10%)
2. Test # 1, 2, 3 and 4 (50%)
3. Final examination (20%)
4. Term paper (20%)

1. The class attendance and participation grade will be based upon attendance in class, your contributions to class discussion, and the completion of assigned in class reaction papers. The reaction papers will consist of one to two page responses to movies shown in class and comparison and contrast assignments. In addition, some assignments may be made that relate to the text. These response papers should be submitted after class to the professor and should preferably be typed, unless the student can write legibly by hand. These assignments are designed to assist you with your test performance so they should be completed by you.

In addition, I will be providing opportunities for extra credit assignments through out the semester, which will include movies, gallery talks and presentations outside of class. These opportunities will be optional, but they can provide a real boost to your grade if you are in a borderline situation.

Attendance in class is **VERY IMPORTANT** since you will be given assignments during class and these scores will be included in your attendance and participation grade. More than **TWO** absences will result in the lowering of your grade by one letter grade. Additional absences will result in the lowering of your grade by an additional letter grade. Two unexcused tardies, leaving during class or leaving early will also result in the lowering of your grade by a letter grade in the course.

2., 3. Tests will consist of multiple choice questions and slide identifications with short responses and some longer essay responses, typically of the compare/contrast type. These questions will be designed to judge your ability to place a work of art within a historical context. Your text contains a study disk and/or online resources which you can use along with your book to prepare for the tests.

**Helpful hints for doing well on tests in this course:** I encourage students to form study groups, as I find that learning is reinforced through the sharing of class notes, readings from the text and other outside readings that are brought to group study sessions. I also recommend that you review your class notes on a weekly basis, as this will help you to commit the information to memory. This means you need to be taking notes! Over the years I have found that grades are higher for students who are actively engaged in note taking during class. As students take notes, they are more engaged mentally in the class, participate more fully in class discussion, and are better prepared for the examinations. Reading the textbook before classes further bolsters your learning and is also highly recommended as a reinforcement of in class learning. In addition, an attitude of interest will help you overall. Texting during class or looking at social media or e-mail on your laptop during class detracts from your ability to absorb the information. If you are too tired to stay alert, grab a cup
of coffee beforehand. Do not come to class and put your head on the desk. Active engagement in the classroom helps you with your grade.

4. The term paper will consist of an in depth analysis of one work of art from the cultures and time periods covered in class and in the text. The paper of 750-1250 words must be typewritten using a double-spaced format. The paper must also contain a short bibliography of 2-3 sources (book or periodical sources, no websites allowed). The papers will be graded according to the attached guidelines.

The paper should contain at least one illustration of the work of art that you are discussing, as well as title page, footnotes and bibliography. If you choose to compare your work of art to other works of art, illustrations of those works should be included as well.

The paper topics must be pre-approved by me no later than Week 5. If your paper topic has not been turned in, in written form, by that date, I will deduct ten points per day from your final paper grade.

Instructions on how to submit papers will be provided later during the semester.

Grading Scale:

Your final grade for the course will be generated utilizing the four components listed under “Grading” in the percentages indicated.

1. 100-90 point average=A
2. 89-80 point average=B
3. 79-70 point average=C
4. 69-60 point average=D
5. 59-0 point average=F

Academic Honesty:

In accordance with university policy, “University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, forgery, or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work).” (Undergraduate Catalogue)

“Disciplinary action for academic misconduct is the responsibility of the faculty member assigned to the course. The faculty member is charged with assessing the gravity of any
case of academic dishonesty, and with giving sanction to any student involved.” (Undergraduate Catalogue)

As outlined in the undergraduate catalogue, the punishment for academic dishonesty can range from a written reprimand to the assigning of an F for the work in question or the class in its entirety. In addition, severe punishment can result in the dismissal of the student from the program or the University.

My recommendation about cheating, is DON'T do it. It is not worth it! In my opinion, academic honesty is of the utmost importance. My personal policy is to give you a failing grade in the course if you are caught cheating on an examination or plagiarizing in a paper. My advice to you is to do the best you can on your own. When in doubt about how to reference information from outside sources, please ask my advice. I am more than happy to help you.

**Attendance Policy:**

Attendance in class is VERY IMPORTANT since a great deal of visual material is shown in class that is not in the textbook. You will be tested over this material on examinations. More than TWO excused absences will result in the lowering of your grade by one letter grade. Additional absences will result in the lowering of your grade by another letter grade. Three tardies, leaving during class or leaving early will also result in the lowering of your grade by another letter grade in the course.

**Cell phones and laptops:**

Cell phones and laptops are NOT permitted in my class. Be sure that you turn off your cell phone prior to coming to class. You are not permitted to text during class or leave class to talk on your cell phone. I will confiscate the cell phone of any student caught using their cell phone during class and will return it at my discretion. You need to concentrate on the images on the screen, so please do not bring your laptop. I have noticed that students on laptops do not ever look up at the slide images, rendering learning almost impossible. This lack of engagement will have a negative impact on your learning in this class.

**ACADEMIC ADVISING**

The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. Degree plans are prepared in the CLA Academic Advising Center. The University uses an online Degree Audit system. Any amendment must be approved by the Department Chair and the Office of the Dean. All courses and requirements specified in the final degree plan audit must be completed before a degree will be granted. The CLA Academic Advising Office is located in Driftwood #203. For more information please call 361-825-3466.
Disabilities Accommodations***
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116.

If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

GRADE APPEALS PROCESS: Students who feel that they have not been held to appropriate academic standards as outlined in this class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, cla.tamucc.edu/students/studentinfo.html. For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean’s Office.

NOTE: A great deal of material is covered in this class. It is recommended that the students begin studying the first week of class. This course cannot be passed
through last minute studying alone. It is recommended that you do the readings as scheduled and that you begin reviewing the images on your own as soon as possible.

The following is a tentative class schedule. It may vary somewhat during the course of the semester, but readings should be done on time to keep the student up with the course requirements.

Suggestions for Questions to Contemplate While Preparing Your Term Paper

You don’t need to answer all of these questions in relation to your work of art. These questions are placed here as a starting point, to help give you ideas on how to approach your image. Here are some of the things that you will want to think about when writing your analysis:

1. Give basic facts about the work:
   What is the title?
   When was the work done?
   Where was the work done?
   What medium was used?
   What is the work’s size?

2. What is the subject of the work?

3. What is the purpose of the work?

4. What is the content of the work (what is the artist’s message)?

5. What period or movement does the work belong to?

6. What choices did the artist make concerning the formal elements and principles of design?

7. What does the work of art tell us about the cultural group who made it?

8. What is your response to the piece? How did the artist’s formal choice affect your response?

9. Where and how does the work fit into the history of art?

10. Did the artist use sources—either religious, historical or visual?

11. What do important scholars say about this work?

12. What is the work’s relationship to the worldview at the time it was created: religion, politics, economics, science, mathematics, psychology, sociology and so?

13. How does the work compare to earlier works or to works being done at the time?

14. What was the process of the piece?

15. What is the significance of the piece?
16. Is the work symbolic?
