Advanced Photography

Course Description:
This is a studio class in which the student, in collaboration with the professor, determines exactly the direction of their work for the semester. A detailed proposal of the semester’s work is required as is participation in class critiques, discussions, presentations, and any scheduled field trips and outside lectures. In-class discussions will allow students to exchange historical and contemporary information. Class time will provide the opportunity to discuss technical problems and to explore conceptual directions.

This course requires a large measure of self-motivation and focus on the part of the student. Students will have some work time during class but should expect to spend an equal or greater amount of time outside of class completing projects. This course is designed for advanced photography students with knowledge of camera functions and experience in darkroom techniques.

Learning Objectives:
To research styles of photographs by historical and contemporary photographers.

To study groups of photographs by historical and contemporary photographers.

To apply this research and study towards the production of a portfolio of the student’s photographs.

Course Requirements and Grading:
1. ASSIGNMENTS - Satisfactory completion of scheduled assignments and presentations on time.

2. ATTENDANCE & CLASS PARTICIPATION - Students are expected to punctually attend every class for Critiques. Students who intend to drop this class are advised to do so as soon as possible. I do not have the ability to drop a student from the rolls, only to grade according to my policies. All project and research proposals will be submitted digitally (MS Word docs) to the professor.

3. EQUIPMENT - Safe and Cooperative use of the darkroom and graduate lab equipment by students enrolled in the class. No others may use the darkroom, cameras or printers. Because art studios use materials and tools that could be dangerous, safe and cooperative behavior by students is absolutely necessary. The studio course instructor will be the ultimate judge of cooperative as well as safe and unsafe behavior. Individuals engaging in uncooperative and/or unsafe behavior will be cautioned and instructed once by the instructor. If a second occasion of uncooperative and/or unsafe behavior occurs, that student will be un-enrolled from the course and given a “wd” with no refund of tuition and fees
