Additional readings and screenings will be provided on Blackboard throughout the semester. While these may not be listed on the course schedule, you will be responsible for reviewing this material prior to class.

SPECIAL REQUIREMENTS:  
A considerable amount of time outside of class is required for projects, screenings, and exercises.

Many of the field exercises take place outdoors and you will have to carry around your belongings. It is recommended that you only bring necessary items to class and that you dress appropriately for the weather.

Blackboard is the preferred method of communication in this class. Get in the habit of checking it regularly.

REQUIRED MATERIALS:  
Funds are necessary to print and make copies for major projects.

CATALOGUE DESCRIPTION:  
This course serves as an introduction to the fundamentals of image and sound acquisition. It is designed to give students basic competency in shot grammar and aesthetics. The course provides a strong theoretical and practical foundation for more complex production skills by exposing students to the basics of camera, lighting, sound and set operations. This course is a foundational counterpart to COMM 3315, Video Editing.

PREREQUISITES:  
None
STUDENT LEARNING OUTCOMES:
Demonstrate competence in cinematography, lighting, and audio production techniques through the execution of a series of diverse media exercises.

Refine approaches to visual storytelling and dramatic structure through the production process.

Employ skills in producing, media project management, and critical analysis through team driven production projects and screenings.

Formulate an understanding of the media landscape and industry employment through readings, class discussions, and research.

ALL ASSIGNMENTS MUST BE TURNED IN ON THE ASSIGNED DATE:
Assignments turned in after the due date will receive a 3-point deduction for each day that it is late. No exceptions other than for family tragedy or medical emergencies (w/documentation). If you turn in late work, it is your responsibility to follow up and confirm that the work has been received. No make-up quizzes or incompletes will be given for this course.

ATTENDANCE POLICY:
Strict attendance is required. There are no “excused” absences other than medical emergencies for which a physician’s care is required and that can be documented in writing or validated by the University Health Center. Such documentation or validation must be at the student’s initiative. All documentation must be submitted within one week (seven days) after you return to class.

After the second (2nd) absence (excluding documented, medical emergencies as just noted), the course grade will be reduced by one-third of a letter grade (3.33 points on a 100-point scale) for each absence. After the fifth (5th) unexcused absence, the student will be given a failing grade in the course. Tardiness or early departure from the class will be considered an absence unless the instructor has been informed and has approved, in writing, of mitigating circumstances.

DROPPING A CLASS:
Merely stopping attendance and participation WILL NOT automatically result in being dropped from the class. Please consult with me before you decide to drop to be sure it is the best thing to do. Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form.

Texas A&M University-Corpus Christi, as an academic community, requires that each individual respect the needs of others to study and learn in a peaceful atmosphere. Under Article III of the Student Code of Conduct, classroom behavior that interferes with either (a) the instructor’s ability to conduct the class or (b) the ability of other students to profit from the instructional program may be considered a breach of the peace and is subject to disciplinary sanction outlined in article VII of the Student Code of Conduct.
