A. **COURSE INFORMATION**

- Course number/section: MATH-1324-002
- Class meeting time: MW 3:30 – 4:45 PM
- Class location: OCNR-145
- Course Website: [www.bb9.tamucc.edu](http://www.bb9.tamucc.edu)

B. **INSTRUCTOR INFORMATION**

- Instructor: NENE COULIBALY
- Office location: CI-117
- Office hours: MW 2:00 – 3:30 PM & T 11:30 – 12:30 PM
- Telephone: 361-825-2219
- E-mail: [Nene.Coulibaly@tamucc.edu](mailto:Nene.Coulibaly@tamucc.edu)
- Appointments: To schedule an appointment, please email me in advance.

C. **COURSE DESCRIPTION**

This is a math course with applications in Business, Economics, Life and Social Sciences. Topics include the application of common algebraic functions, including polynomial, exponential, logarithmic, and rational, to problems in business, economics, and the social sciences are addressed. The applications include mathematics of finance, including simple and compound interest and annuities; systems of linear equations; matrices; linear programming; and probability, including expected value.

D. **PREREQUISITES AND COREQUISITES**

Meet TSI college-readiness standard for Mathematics; or equivalent.

E. **REQUIRED TEXTBOOK(S), READINGS AND SUPPLIES**

MyLabsPlus access kit is required for homework and quizzes. You will need to purchase an access code, either through the campus bookstore or directly from the publisher. Historically, the publisher has been less expensive, I recommend checking both sources before buying. I will discuss how you access and use MyLabsPlus during the first class

**Optional Textbook(s) or Other References**

**Supplies**

A calculator is required for every homework, quiz and examination. A TI-83/84 calculator or similar is required.

**F. STUDENT LEARNING OUTCOMES AND ASSESSMENT**

By the end of this course, students should be able to:

1. Use linear, quadratic, polynomial, exponential and logarithmic functions to model problems, primarily in business.
2. Interpret, graph and solve linear programming problems.
3. Calculate financial math problems including the computation of interest, annuities, and amortization of loans.
4. Solve problems involving sets, logic, and basic counting principles including permutations and combinations.
5. Solve fundamental probability techniques and application of those techniques, which includes basic probability, random variables, probability distribution and expected value,
6. The learner will develop a broad base of business mathematics knowledge: Concepts, Basic skills, mathematical senses (quantitative, geometric, symbolic), and thinking process (problem solving, predicting, and generalizing).

**G. INSTRUCTIONAL METHODS AND ACTIVITIES**

- Presentation of new material and concepts.
- Class discussion and problem solving analysis using critical thinking techniques.
- Use of MyLabsPlus which includes electronic copy of the book, videos, examples, and study hints.
H. MAJOR COURSE REQUIREMENTS AND GRADING

Final course standing will be based upon several homework, quizzes, two semester tests, several mini Projects and a final test.

<table>

I. COURSE CONTENT/SCHEDULE

Suggested Topics to be covered

Chapter 1: Linear Equations and Graphs
1.1 Linear Equations and Inequalities (Applications)
1.2 Graphs and Lines (Applications)
1.3 Linear Regression

Chapter 2: Functions and Graphs
2.1 Functions (Applications)
2.3 Quadratic Functions (Applications)
2.4 Polynomial and Rational Functions (Applications)
2.5 Exponential Functions (Applications)
2.6 Logarithmic Functions (Applications)
Chapter 3: Mathematics of Finance
3.1 Simple Interest
3.2 Compound and Continuous Compound Interest
3.3 Future Value of an Annuity; Sinking Fund
3.4 Present Value of an Annuity; Amortization

Chapter 5: Linear Programming
5.3 Linear Programming in Two Dimensions: A Geometric Approach

Chapter 7: Logic, Sets, and Counting
7.2 Sets
7.3 Basic Counting Principles
7.4 Permutations and Combinations

Chapter 8: Probability
8.1 Sample Spaces, Events, and Probability
8.2 Union, Intersection, and Complement of Events; Odds
8.3 Conditional Probability, Intersection, and Independence
8.4 Baye’s Formula
8.5 Random Variable, Probability Distribution, and Expected Value

**Important Dates**

</table>
Note: Changes in this course schedule may be necessary and will be announced to the class by the Instructor. The assignments and exams shown are directly related to the Student Learning Outcomes described in Section F.

J. COURSE POLICIES

Attendance/Tardiness
Attendance will be taken each class. Talking during class time and tardiness are often disruptive to the whole class and are not appreciated. If you are delayed and arrive late please do so quietly. Excessive tardiness, disruptive talking, disruptive behavior or performing activities not related to the class will be counted as absences and may cancel bonus points at the end of the semester that usually is helpful to determine borderline grades. The instructor is NOT responsible for informing absent students what was covered in previous classes, homework or any other announcements.

Late Work and Make-up Exams
Late work will result a 10% deduction for every day it is late. Absolutely no exceptions!!

Extra Credit
If an extra credit work is assigned, or extra points are given, the total score should not exceed 100%. No points will be “saved” toward the next examination.

Cell Phone Use
Cell phone using is prohibited in any circumstances. Use of cell phone in class will be counted as absences and may cancel bonus points at the end of the semester.

Laptop Use
Students are welcome to use their laptops in class only if it is intended for learning purposes like log in to the class blackboard page, or mylabsplus website.

Missed Exam
There will be no makeup for a missed semester test unless for special circumstances.

Participation
Students are encouraged to participate in class discussions and problem solving skills.

Others
- Students are expected to read the PowerPoints materials in Blackboard, view videos and other multimedia available in MyLabsPlus, and work assignments before the due dates.
Homework is assigned online regularly through MyLabsPlus that can be accessed at tamucc.mylabsplus.com (you need to buy an access code) and due as specified. Late homework will result a 20% deduction for every question not done on time. If you have problems to access the system you have to let me know as soon as possible.

- There is an online quiz immediately after each chapter is finished.
- There will be several group projects during the semester. These projects are to be done in group setting; individual project will not be accepted.
- Two semester tests will be administered during class times. The dates will be announced in class and posted on Blackboard. These dates may be changed with due notice announced during class time. Bring your own calculators and it cannot be shared. Cell phones cannot be used as calculators.
- The final exam will be a comprehensive examination over all material covered during the semester. Absolutely no early final examination, so make travel arrangements accordingly. Without taking final exam, it will be an “F” for the semester grade regardless.

K. COLLEGE AND UNIVERSITY POLICIES

- Academic Integrity (University)
  It is expected that university students will demonstrate a high level of maturity, self-direction, and ability to manage their own affairs. Students are viewed as individuals who possess the qualities of worth, dignity, and the capacity for self-direction in personal behavior.
  See Full University Policy at:
  http://catalog.tamucc.edu/content.php?catoid=10&navoid=313#Academic_Integrity

- Classroom/Professional Behavior
  Texas A&M University-Corpus Christi has a diverse student population that represents the population of the state. Our goal is to provide you with a high quality educational experience that is free from repression. You are responsible for following the rules of the University, city, state and federal government. We expect that you will behave in a manner that is dignified, respectful and courteous to all people, regardless of sex,
• **Deadline for Dropping a Course with a Grade of W (University)**
  The grade of W will be assigned to any student officially dropping a course by **Friday, April 10, 2015**. No student is eligible to receive a W without completing the official drop process by this deadline. Visit the Office of the University Registrar for the Course Drop Form that must be submitted. After April 10, 2015 a student will not be allowed to drop a course.

• **Grade Appeals (College of Science and Engineering)**
  As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules website at [http://www.tamucc.edu/provost/university_rules/index.html](http://www.tamucc.edu/provost/university_rules/index.html), and the College of Science and Engineering Grade Appeals webpage at [http://sci.tamucc.edu/students/GradeAppeal.html](http://sci.tamucc.edu/students/GradeAppeal.html). For assistance and/or guidance in the grade appeal process, students may contact the chair or director of the appropriate department or school, the Office of the College of Science and Engineering Dean, or the Office of the Provost.

• **Disability Services**
  Disability Services (DS) is the hub for coordinating services and accommodations to ensure accessibility and utilization of all programs for all Texas A&M University-Corpus Christi students with disabilities. Our services are designed to meet the unique educational needs of enrolled students with documented permanent or
temporary disabilities. DS provides intake and consultation services to students seeking to register with our office. DS reviews an individual’s documentation of disability and assesses eligibility for services and the determination of reasonable accommodations. For more information visit the Disability Services Office at 116 Corpus Christi Hall or go to http://disabilityservices.tamucc.edu/

L. OTHER INFORMATION
Help: CASA has many quality tutors to help you while you need someone beside my office hours. Welcome to visit those tutors at the second floor of library. Please find out their schedule first before you make a plan to go for this semester. I will be happy to work with you anytime during my office hours and also email me for your special needs. Good luck to everyone in the class.

GENERAL DISCLAIMER
I reserve the right to modify the information, schedule, assignments, deadlines, and course policies in this syllabus if and when necessary. I will announce such changes in a timely manner during regularly scheduled lecture periods.
