State and Local Government

Course Description
This course will introduce students to the fundamentals of state and local government in the United States. We will cover the relationship between the federal government and states and also inter-state relationships. The class will primarily concern itself with the political institutions and public policies of Texas, while attempting to situate these in a local and national context.

Learning Objectives:
The four Core Objectives related to this course are: Critical Thinking Skills, Communication Skills, Personal Responsibility, and Social Responsibility. By the end of the semester the course will have met these objectives:

By having the students engage in critical thinking activities related to the Constitution, the political and philosophical foundations of the nation, governmental institutions, and political behavior.

By having students engage in written, verbal or visual activities related to the Constitution, the political and philosophical foundations of the nation, governmental institutions, and political behavior.

By having students engage in course related activities that connect personal responsibility and political ideology to encourage ethical decision making

By having students engage in course related activities that connect social responsibility to civil rights, civil liberties, and to voting and voting behavior.

Major Course Requirements
Exams: (3) exams in multiple-choice format.
Exam 1: 20%
Exam 2: 35%
Exam 3: 35%
LearnSmart/Connect adaptive learning exercises via Blackboard 10%
Final Quiz: +2%
To log into Blackboard for the course go to the following: iol.tamucc.edu
After logging into your Island Online account click on our class (POLS 2306-003) on the right-hand side of the screen.

LearnSmart is an adaptive learning program intended to help students master key concepts in the course. Listed on the syllabus below are ten LearnSmart modules that link to the content area for a particular week. The modules adjust the questions to your answer choices/knowledge abilities and you must complete them to receive credit for the module. You should receive a code to log into the system when you purchase the textbook for the course. I have provided instructions on how to log into your account in our Blackboard shell in the form of a PowerPoint presentation; access the instructions via the Syllabus tab. You can access the LearnSmart exercises via a link under the Syllabus tab (Syllabus-LearnSmart-Launch-Home-then click on the appropriate chapter for the week).

*The exams will not be comprehensive.* Scantrons will be provided, but pencils will not. Please bring one. The final quiz is meant to serve as a final overall assessment of key concepts in the class. It will be a multiple-choice exam available online in Blackboard and available to students from the final class period to the university-approved final exam time. Students must pass the exam with a 70 or higher to receive credit; not passing the exam will not hurt your grade in the course.

**Required Readings**
Text on Texas Politics available in the campus bookstore or online (The State of Texas: Government, Politics and Policy by Mora et al) ISBN# 9781259110924

**Format**
The class will be structured around instructor led lectures. The book will reinforce my lectures and students should read the corresponding chapters. Students should participate in class.

**Attendance/PowerPoint:** I will not check attendance everyday. I may issue random extra credit based on attendance at my discretion. Much of the material from lecture is not always covered in the book so attendance is very helpful. That said, lecture slides will be posted online prior to each exam for all students.

**Note on Exam 1:** Your first exam will be no more difficult than those that follow. Students (especially freshman) tend to do much worse on the first exam than the latter exams. Bear this in mind ahead of time in case this applies to you after the first exam. I will post test reviews on Blackboard a week prior to each exam and hold a comprehensive class review prior to each exam.

**Makeup Exams:** All makeup exams will be given on makeup exam day without exception, unless the absence is due to a university-sanctioned function that is approved and scheduled in advance.

_You are Done!_

**Student Responsibilities:**

TURN OFF CELL PHONES!!!

Pay attention during class. Private conversations, sleeping, and reading non-class related material will not be tolerated.

Learn something! Participate in class discussions.

**Grade Appeals**

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at [http://www.tamucc.edu/provost/university_rules/index.html](http://www.tamucc.edu/provost/university_rules/index.html). For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost.

**Disabilities Accommodations**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116. If you are a returning veteran and are experiencing cognitive and/or physical
access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

Statement of Academic Continuity
In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

Academic Honesty:
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, forgery, or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) If unsure of what honesty entails or if for more information regarding the penalties for academic dishonesty, please refer to the University Catalog. Instances of plagiarism will be handled on an individual basis, but generally speaking the first offense will result in a zero for the assignment; subsequent plagiarism will result in failing the course and/or reporting chronic plagiarism to the university administration for disciplinary action. Reuse of previous work, even if that work is original, is known as academic recycling; such work is not accepted in this course and instances of recycling will receive the same treatment as plagiarism.

Academic Advising
The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. The Academic Advisor will set up a degree plan, which must be signed by the student, a faculty mentor, and the department chair. The College’s Academic Advising Center is located in Driftwood 203E, and can be reached at 825-3466.
