RESERVED READINGS: Listed in the "course outline" section of the syllabus.

Course Objective
This course is a sociological analysis of "behaviors that are likely to be defined as unacceptable violations of major social norms that elicit negative reactions by social control agents." We will examine the nature, extent, distribution, explanations of, and public-policy responses to the violations of selected social norms. Our objective is to expose students to the major theoretical, methodological and substantive issues in the field. To achieve this objective requires, however, a sacrifice of some depth for comprehensiveness.

Course Requirements

Your final grade in this course will be based on the following:

First Examination --- 30 percent
Second Examination ---- 30 percent
Final Examination  ---- 40 percent
TOTAL                  100 percent

All exams must be taken at the scheduled times and place. Make-ups and/or extra credits will not be allowed unless for validly supported medical and/or personal emergencies. Exams are in-class, and in essay format. Exam questions require thoughtful, analytical and comprehensive answers. Students are strongly advised to read the instructions on every examination before they begin to write their answers. Blue ("Examination") books are required for all exams.

Student Learning Outcomes

• Define and explain the different conceptions of deviant behaviors
• Demonstrate a clear understanding of the different Sociological theories of deviant behaviors.

• Distinguish among, and assess the strengths and weaknesses of, the different methods in deviant behavior research.

• Discuss the nature, prevalence, explanations of and public-policy responses to specific deviant behaviors including (but not limited to) drug abuse, sexual deviations, mental illness, murder, and white-collar crimes.

Course Format
All class instructions will comprise straight lectures and discussion. The first 60 minutes of every class meeting will be spent on lectures. There will be a ten-minute break followed by another 50 minutes of lectures. The last 30-minutes are reserved for questions, discussions and/or debates. This format is preferred, not mandatory. On days when videos are used to buttress class lectures, or when guest speakers are invited to teach, the suggested class format may change.

Students with Disabilities
Texas A&M University-Corpus Christi complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. Please contact the Services for Students with Disabilities Office, at 825-5816 for further instruction and/or guidance.

Academic Advising
The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. Additionally, students are encouraged to speak to the instructor before dropping the class.

Grade Appeal Process
As stated in University Rule 13.02.99.C2, Student Grade Appeals, a student who believes that he/she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the
steps in the process, see University Rule 13.02.99.C2 Student Grade Appeals, and University Procedure 13.02.99.C2.01, Student Grade Appeals Procedures. These documents are accessible through the University Rules Web site at
http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Office of Student Affairs.
