PHOTO I – DIGITAL PHOTOGRAPHY

Class Description
This is an introductory studio course using digital cameras and image manipulation software. History of Photography will also be covered.

Learning Objectives
- Student will learn basic photographic techniques using a digital camera
- Student will produce aesthetically pleasing images using electronic image manipulation.
- Student will create well-composed images related to personal expression.
- Student will have exposure to contemporary & historical photographs.
- Student will produce an edited portfolio of 20 digital photographs.
- Student will produce an illustrated research paper comparing one’s own photographs to a photographer of importance from Beaumont Newhall’s History of Photography.

The professor will supply a schedule for demonstrations, lectures, critiques, and class trips. Sometimes these dates will have to be modified for various reasons. It is the student’s responsibility to keep abreast of these possible changes. There will be 3 History of Photography quizzes (match photographer to the description), a Final Portfolio and a Final Project. The Final Project will consist of a 3-5 page essay that will include the selected photographer’s name, country and important dates, information about their style, technique, and contributions to the history of photography and how your photographs relate to the work of your selected photographer, specifically.

The class lectures and labs will meet in CCH209, computer graphics lab, unless other arrangements are discussed during class.

This is a Studio Art Class. Students are expected to work directly with the professor during the scheduled class times.

Major Course Requirements
1. CRITIQUES - Satisfactory completion of assignments on time for critique. A Critique is the equivalent of an exam. There is a list of critique dates attached. Sometimes these dates have to be modified because of weather, equipment problems or conflicts with other activities. If you know in advance that you will miss a critique, you may receive partial credit if you hand in your work early. IT IS YOUR RESPONSIBILITY TO KEEP UPDATED ON CHANGES TO THE SCHEDULE BY CONTACTING THE PROFESSOR OR OTHER STUDENTS.
Attendance
Attendance is mandatory for your success, will be recorded during each class session and is considered as part of the professionalism element of your final grade.

- You will lose a single letter grade on your fourth (4) absence.
- Five (5) absences will result in the drop of another letter grade.
- Six (6) absences will result in the failure of the course.
- Three (3) late arrivals or early departures will result in the recording of one (1) full absence.
- Students are required to attend class for the duration of the scheduled time or until the Professor dismisses the class.
- Attending critiques are mandatory.

3. EQUIPMENT - Safe and Cooperative use of the equipment by students enrolled in the class. No others (including family members, friends, or pets) may use the computers or printers.

Because art studios use materials and tools that could be dangerous, safe and cooperative behavior by students is absolutely necessary. The studio course instructor will be the ultimate judge of cooperative as well as safe and unsafe behavior. Individuals engaging in uncooperative and/or unsafe behavior will be cautioned and instructed once by the instructor. If a second occasion of uncooperative and/or unsafe behavior occurs, that student will be un-enrolled from the course and given a “wd” with no refund of tuition and fees. Printers are for use for assignments for Photo I class only! Using color printers in the photography lab for other classes is considered improper use. Please do not print your photos during other classes.

The Photography Darkroom lab is for the use of students enrolled in Art 3365, 4365, 5306 and 5316 and may only be used during your assigned class time and the posted lab hours. Any exceptions to this rule, such as students working on a BFA, MA or MFA exhibition, will be cleared by Barbra Riley.

A Statement about computer use, ipad use and phone use: There will be no use of Facebook, email, other social media websites and the internet in general during class. If you will be working on something relevant to the class, you will notify the professor of this use. You may not leave class for a phone call. You may use the computer for note taking.

The professor may ask you to leave the classroom (with a zero, absence, for the day) if you do not follow these instructions!

Still Life Studio demonstration
Bring either rustic cheese (not sliced, rind edges), rustic bread (also not sliced), or photogenic fruit (something that will look great in a still life and good to eat later). Also,
of course your cameras with BATTERIES CHARGED and plenty of memory available. If you have a tripod, bring it.

We will make still lifes that show contrast – in light, in color and in subject matter, therefore we might add 21st century items that will contrast with the look of the rustic food, such as key chains, cell phones, other contemporary items. Be creative and bring a few things.

The plan is to begin with an untouched still life and slowly begin to cut the bread, cheese, fruit, eat it, continue photographing. So we acquire images that have some variety. **We will set up in the Photography Studio, CA 226.**
