This course is designed to help the Graduate Student create a body of work that ultimately is used as a foundation for the thesis exhibition. We will find our voice through the art of sculpture.

ACADEMIC RESPONSIBILITIES
The graduate student has two responsibilities:
1. To produce a body of work, with an emphasis upon IDEAS and CRAFTSMANSHIP in exploring the possibilities of meaningful themes in three dimensional forms.
2. Power Point Presentation. The student will present his or her work and technique in a power point presentation, which will include an oral narration, to the class.

Work outside scheduled class hours will be necessary to complete the assigned body of sculpture. The open studio situation requires students to be responsible for the SAFE use of tools and equipment, and for maintaining a CLEAN and SAFE work environment.

An important element in the learning process is the attitude of the student toward his work and the work of his fellow students. Sculpture is created in an atmosphere of collaboration; students are expected to help create such an atmosphere in the class.

As your instructor, my role is as a catalyst for ideas and to help you establish contact with your creative potential by removing technical obstacles.

STUDENT LEARNING OUTCOMES
Each student will explore determinative relationships between media, technical processes and sculptural products. (Cognitive)
The student will demonstrate respect for sculptural work by presenting neat, clean, well-crafted projects. (Psychomotor)

CRITIQUES
Completion of all projects on time for critiques, cleaning the studio in preparation for the critiques and active participation in the critiques is required. The students will be asked to explain their projects to the class and defend them on their aesthetic merit. The projects will be evaluated on content, craftsmanship, creativity, presentation, form, composition, and the ability to communicate the idea.

STUDIO
A high level of personal discipline in maintaining the studio and all equipment is required of each student. It is expected that each student clean up the area he/she has been working in before leaving the studio. Failing to do so will cause a student’s grade to be lowered one letter.
grade.

SAFETY
A failure to conform to safety procedures at any time will cause a student’s letter grade to be lowered one point, or a student may be asked to drop the course. Students must wear eye protection, and dress in clothes suitable for an art studio.

SUPPLIES
The Art Department uses material fees to provide supplies for the class as a whole. Students are expected to purchase supplies that are necessary to produce final individual projects.

the matter with the instructor. For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, cl.tamu.edu/students/studentinfo.html. For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean's Office.
