VIII. Course Policies and Resources

Attendance Policy
Attendance is crucial to your success in this program and your development as a professional. Attendance is expected. Due to the nature of this course, participation is critical. Please arrive to class on time and be prepared to stay until the class is dismissed. Anyone who misses two face-to-face sessions (without a valid excuse) will have their final course grade reduced by one full letter grade. Any combination of arriving late or leaving early constitutes one absence. Contact your instructor as necessary in this regard.

You may be excused from attending a given class session if you are attending a school-sanctioned activity or if you have a written doctor’s excuse. You must provide written authorization for University-sanctioned absences. It is your responsibility to check with fellow classmates for any missed work or assignments. If you are going to be tardy or absent, contact your instructor.

Make-up Policy
You are personally responsible for all material discussed in class, even if you have a doctor’s excused absence. You will need to make your own arrangements for material covered during the time you are absent from class. The instructor does not provide lecture notes for student use.

Please demonstrate respect and responsibility as a part of this learning community. You are expected to exhibit an attitude of respect and responsibility as follows:

- Check your Islander email at least every two days.
- Post online assignments on time.
- Respect and be sensitive toward other classmates by choosing your words carefully.
- Don’t get behind. If you get behind in a hybrid course, it is very difficult to get back on track.
• Keep up with assignments and grades. Grades will be available in Blackboard: check them regularly to make sure you are current with assignments.
• You are expected to demonstrate maturity and self-direction and to manage your own affairs.
• Instructor response time: All email, voicemail, or texts to the instructor will be answered promptly and within 48 hours at the very latest—and usually much sooner.

Late Work:

If you submit any assignment including online course work late, you are subject to a 20% reduction of your grade for the late work.

Academic Integrity and Working with Other Students

Please know and adhere to copyright laws. The work you submit must be your own. It must also be work completed specifically for this course.

Do not plagiarize another person’s material. Instances of plagiarism are a serious matter: they will be handled in accordance with Texas A&M University-Corpus Christi General Academic Policies and Regulations as listed in the current catalog.

Any problems in working with other students should be brought to the attention of the instructor immediately so that solutions may be enacted to ensure that all members benefit from the course experience.

**Statement of Academic Continuity**
In the event of an unforeseen adverse event, and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

**Dropping the Course:** Even if you never attend or start then stop attending—it is your responsibility to formally drop the course through the University Registrar’s Office. You will not be automatically dropped if you “fail to appear.” If you have concerns about completing the course and are considering dropping or withdrawing, contact your instructor first.

**Grade Appeals**
As stated in University Rule 13.02.99.C2, Student Grade Appeals, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see
University Rule 13.02.99.C2, Student Grade Appeals, and University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures.
