Texas A&M University - Corpus Christi

College of Nursing and Health Sciences

**NURS 4324.W01: The Nurse as Caregiver**

Syllabus

Spring 2016

**FACULTY:** Loree DuBose, RN, MSN
Assistant Clinical Professor

**OFFICE:** Home Office

**OFFICE HOURS:** Scheduled by Appointment Via Blackboard

**TELEPHONE:** 281-224-3873

**EMAIL:** Correspondence required through Blackboard e-mail message system **UNLESS** Blackboard is “Down”

Alternative Correspondence ONLY: loree.dubose@tamucc.edu

**CREDITS:** 3 semester hours (3:0)

**COURSE DESCRIPTION:** Emphasis is on caring as an essential dimension of professional nursing. Theories are presented to explain the relationship between human behavior and health and illness and the impact of interpersonal relationship skills to effect positive changes in individuals. Application of theory as a basis for understanding human behavior in health and illness and as basis for critical thinking in nursing practice in clinical settings.

**COURSE OBJECTIVES:**

At the completion of this course the student should be able to:

1. Analyze factors related to professional role.
   
   a.) Identify characteristics of a profession.
   b.) Evaluate nursing's current status as a profession
   c.) Describe models of professional socialization
   d.) Discuss factors that influence professional socialization
   e.) Discuss the theoretical foundations of personal and professional roles.
   f.) Discuss the impact of the multiple roles experienced by the professional nurse
   g.) Analyze common role stressors as they relate to the role of the nurse
   h.) Describe selected roles commonly assumed by the professional nurse and
the responsibilities associated with each.

i.) Discuss the importance of actively participating in professional nursing associations.

2. Describe the relevance of a specific theory for practice, education, and research.

   a.) Describe the relevance of a specific theory for practice, education, and research.
   b.) Distinguish between a concept, theory, conceptual framework, and model.
   c.) Identify and define the four central concepts of nursing theories.
   d.) Compare and contrast the main precepts of selected theories of nursing.
   e.) Identify and discuss a specific theory and how it relates to practice, education, and research.

3. Utilize interpersonal communication theory to influence positive health changes among individuals, families, aggregates, communities and society (IFACS).

   a.) Identify and describe the components of the communication process.
   b.) Discuss the characteristics of each of the four phases of the nurse-client relationship.
   c.) Analyze interpersonal relationships by applying theories of communication.
   d.) Evaluate the quality of professional communication in the workplace.
   e.) Identifies the stages of empathy (identification, incorporation, reverberation, and detachment)
   f.) Differentiate between effective and ineffective caring responses

4. Design and implement nursing interventions reflecting theories of caring for clients with health problems.

   a.) Discusses how a balance of sensitivity, knowledge, and skills allows nurses to manage diversity effectively.
   b.) Describes how selected nursing theories guide the nursing process.
   c.) Distinguish between human care and professional care.
   d.) Explain care as a context for nursing intervention.
   e.) Relate one of the theories of caring (Watson, Benner, etc…) to your portfolio.

5. Integrate selected adult learning principles and processes into the learning experience.

   a.) Discusses the relationship of critical thinking to problem solving and decision-making.
   b.) Distinguishes between child-centered and adult-centered teaching and learning.
   c.) Participates in the creation of a positive learning environment.
   d.) Evaluates own progress toward achievement of long term goals within the nursing profession.
   e.) Compares and contrasts the different approaches to nursing research and how they can be used to answer different nursing questions.
f.) Utilizes information technology to communicate with peers and faculty.

**REQUIRED TEXTS AND RESOURCES:**

- American Nurses Association (ANA) Code of Ethics for Nurses

**Method of Scholarly Citations**

APA current available edition must be used for citing literature sources.

**Learning Experiences and Teaching Methods:**

Course objectives may be met through individual and/or group study using suggested resources, formal and informal exchange of ideas with co-learners and colleagues regarding specific topics as well as utilizing critical thinking skills. Teaching-learning methods include individual study, small group work, independent study of the internet discussions with and without faculty, scheduled appointments with course faculty and independent study of texts and library resources.

Blackboard will focus on application, utilization, and evaluation of the concepts covered in the assigned readings and activities. **ALWAYS** turn in the assignments by the due dates (unless approved by course faculty). **Late assignments will not be accepted for grading and the student will earn a zero in the gradebook for that assignment. Suggestion: Build a calendar of the course Due dates the first week of class. Be sure to include due dates for reply posts on discussion forums.**

Evaluation is ongoing to enhance experiential learning, providing the student with feedback about performance in meeting course objectives. Scheduled conferences with the course faculty provide opportunities to discuss progress toward course objectives. A variety of evaluation methods are used providing the student opportunities to meet course objectives.
Grading is a process of measuring the outcome of learning against standards and assigning a symbol to the level of performance achieved. The final determination of the grade, therefore, rests with the course faculty.

**TAMUCC-CONHS GRADING POLICY**

Students must earn a grade of 75 or better to receive credit for this course in the nursing major.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 to 100</td>
</tr>
<tr>
<td>B</td>
<td>83 to 89</td>
</tr>
<tr>
<td>C</td>
<td>75 to 82</td>
</tr>
<tr>
<td>D</td>
<td>67-74</td>
</tr>
<tr>
<td>F</td>
<td>Below 67</td>
</tr>
</tbody>
</table>

**Course Grade Components**

- Presentation of Theorist (group) 15%
- Essay of Concept of Caring (individual) 20%
- Journal entries (4 individual) 10%
- Communication Film Analysis (group) 15%
- Philosophy of Professionalism Paper (individual) 20%
- Web Discussion (individual within groups) 20%

**ACADEMIC DECORUM**

The learning process involves an exchange of ideas and an exploration of concepts between faculty and students. A certain level of decorum facilitates this process for learners and teachers. Behaviors can also disrupt it. Use the following examples as guides to behaviors that support learning. Avoid behaviors that disrupt the learning process.

Supportive actions include:

- reading and the completion of assignments.
- being attentive and responsive to faculty and co-learners.
- respecting the opinions and ideas of others.
- contributing to the class by making topic specific comments.
- offering critiques and alternative ideas in a non-condescending manner.
- providing a fair share of work to group projects and team activities.
- supporting the rights of classmates to contribute, even when disagreeing with content.
- challenging or questioning the instruction in a non-threatening/non-demanding manner.
ELECTRONIC COMMUNICATION

The University and the College of Nursing and Health Sciences rely on electronic communication as the major avenue to distribute and receive information needed for academic work and life on campus. Only by using university e-mail addresses will communication be consistent and complete. This course will ONLY use university e-mail addresses to communicate with students electronically. It is each individual student’s responsibility to activate his/her university e-mail account.

DROPPING A CLASS

TAMUCC hopes that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with the course faculty before doing this to ensure that it is the best decision. Should dropping the course be the best course of action, you must initiate the process to drop the course by contacting the Student Services Center and filling out a course drop form. **Just stopping attendance and participation WILL NOT automatically result in your being dropped from the course.** This will result in a Failure of the course not a “W”. Refer to the TAMUCC semester calendar to see the drop date for this semester.

EVENT OF CAMPUS CLOSURE

In the event of a campus evacuation the faculty will make every effort to continue teaching this course. Should such an event occur, we will continue to interact with you by using the Blackboard **Announcement, Bb Messages, Email, Collaboration, Discussions, Blogs, Journals, and/or Wikis** tools. If you have access to the Internet, you will be able to continue coursework by posting assignments and interacting with faculty as well as each other online. You will also be able to take tests online using the **Assessments** tool and see your grades on assignments, quizzes, and tests using the **My Grades** tool.

**During the campus closure the faculty will communicate with you utilizing Blackboard tools NOT personal email accounts.**

To access information regarding an emergency closing of the University, go to the Homepage of TAMUCC-The Island University. At the bottom of the page, under Campus News, there is an icon that reads **Code Blue.** Click on this for emergency information.
POLICIES:

Evaluation Input From Students

The faculty of the College of Nursing and Health Sciences places great value on evaluative input from students. Evaluation of courses, instructors and clinical facilities provides the College with important data which is used to strengthen the program. Data is analyzed as to trends and themes and is important to curriculum and sequencing decisions. All evaluations for courses posted are online. The online mechanism allows us the opportunity to tabulate and store information in order to analyze trends within the curriculum. Please be assured that this information is secured and not released until after grades are submitted. No names are available to faculty. In order to garner some reliability and validity, the College must have representative data from the student population. That representation, based on the literature, has been set at 70%. The College is anticipating that students will thoughtfully participate in the evaluation process which will assist the faculty with the growth of the program. A link to evaluations will be available on Blackboard toward the end of the semester. Thank you in advance for your assistance with the evaluation process.

Academic Integrity and Honesty

It is expected that University students will demonstrate a high level of maturity, self-direction, and ability to manage their own affairs. Students are viewed as individuals who possess the qualities of worth, dignity, and the capacity for self-direction in personal behavior. University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to a penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, forgery, or plagiarism. (Plagiarism is intentionally, knowingly, or carelessly presenting the work of another as one’s own). Please see the following sites for additional information:

University Student Handbook and Code of Conduct:  http://www.tamucc.edu/~students

University catalog related to academic integrity and honesty:  http://catalog.tamucc.edu/

Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that
provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Disability Services Office at 361.825.5816 or visit the office in CCH 116. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disabilities Services office for assistance at (361) 825-5816.

**Title IX**

As part of the Texas A & M Corpus Christi University policy, pregnant students are urged to contact the Title IX office for facilitation of academic issues impacted by pregnancy, delivery and subsequent complications. Contact information: Mr. Samuel Ramirez, Title IX Coordinator or Ms. Rosie Ruiz, Deputy Title IX Coordinator (825-5826).

**Active Military Duty**

Active duty military personnel, military spouses, and veterans with special circumstances (eg: deployment, drill requirements, disabilities) are welcome and encouraged to communicate these, in advance if possible, to the course and clinical instructor.

**Grade Appeals Process**

The College of Nursing and Health Sciences (CONHS) adheres to the University’s student grade appeal procedures described in Section 13.02.99.C2.01 (revised May, 2013) and follows those guidelines. See [http://academicaffairs.tamucc.edu/Rules_Procedures/](http://academicaffairs.tamucc.edu/Rules_Procedures/) for the University procedure and see [http://conhs.tamucc.edu/shb/](http://conhs.tamucc.edu/shb/) for the CONHS process identified in the Student Handbook.

**Support Services**

Students are encouraged to seek faculty assistance in accessing University Services, including tutoring, health services, personal counseling, degree counseling, financial aid, learning resources, job/work placement, career guidance, and computer/technical support/instruction. If a student is interested in other support services provided by the University, the student is encouraged by the College of Nursing and Health Sciences and the University to seek these services.
