Participation in Critiques and Late Work Policy
Critiques are an essential part of the creative process. Students should be open to hearing feedback about the quality of their work on an ongoing basis throughout the semester. When receiving criticism, listen with an open mind. The value of being in school, and in a small studio class, is not only to give and receive as much feedback as possible, but to learn how to make the most of it.

Do not take what is said about your work personally, no matter how difficult this seems. These assignments require that you take risks and try new things. You must be present on the day of critique.

Late Work Policy: One class period late: 10 point deduction, two class periods late: 20 point deduction. After that you will receive a ZERO.

Lockers:
See Art Office to reserve a locker in the hallway.

Academic Integrity/Plagiarism.
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in removal from class.
