VII. Instructional Methods and Activities

This class uses a workshop format and is designed to be a safe place to try out new skills. The following formats will also be used:

A. Lecture/Discussion
B. Demonstrations - Live and Video
C. Simulation, Role-play, Videotape
D. Case Studies
E. Writing/Reflection
Confidentiality and Ethics

In this course, you are entering an experience that involves a fair amount of role-playing and practice interviewing. Naturally, in the course of discussion, it is possible for a student colleague to say something personally important and confidential. It is your duty to maintain confidentiality. This is training for your practicum work with clients. All sessions you tape for a grade must be unrehearsed, without notes.

Cheating or plagiarism will result in a grade of 0 for the assignment. Breach of confidentiality is considered cheating and will result in a grade of F for the class.

When You Play the Role of Client in Practice Sessions:
You have the right and personal responsibility to share only as deeply as you want. All experiential exercises in this course are optional and you may stop participating in any exercise you wish without penalty. At the same time, if you find yourself not wishing to engage in these exercises, you may prefer to drop the course.

VIII. Evaluation and Grade Assignment and Course Policies:

Methods of evaluation:

1. **Wellness Plan.** Students will develop a wellness plan including reasonable, measurable, and attainable goals. Information regarding wellness and instructions for completing this plan will be reviewed the first day of class, and then students will be required to develop and submit a **3-5 page individual plan.** Students will engage in this wellness plan throughout the semester and then **submit a 2-3 page re-evaluation and summary** of their wellness plan. Both assignments must be in APA 6th Edition Style. Further instructions are delineated on page 9.

2. **Video Tape Role Play Assignments.**

Students will be required to submit three **30 minute counseling role-play videos** during the semester. These tapes will be completed in class with another classmate. The **first two tapes** will be submitted with a **ten minute transcript** from that session that includes identification of the specific skills used and reflection on the use of those skills. The **Final Tape** will be submitted with a **15 minute transcript** including the same aspects as the previous two. **Students are required to provide their own VHS tape, recordable DVD, or digital video recording device to complete these tapes.** (The following types of recordable DVDs will work: DVD+R, DVD+RW, DVD-R and DVD-RW- dual layer discs DO NOT work). Further instructions are delineated on page 9.

3. **Homework.**

Homework activities will be assigned throughout the semester and will be due at the beginning of the following class period. These activities will be focused on personal reflection and insight, and furthering your growth as a counselor.
4. **Participation**

Participation during this class, including during role plays and class demonstrations is essential. Part of participation is the ability to accept and act on feedback and the critique of your developing skills by the instructor and teaching assistant.

To receive all of the participation points, students are expected to attend class on time, refrain from any cell phone/superfluous technology use in class, act respectfully towards the instructor, teaching assistant, and classmates, actively participate in class activities and discussion, and respond professionally and appropriately to feedback.

**Students sleeping or acting unprofessionally in class will be asked to leave and will not get credit for attending that class period. If you miss more than 50% of any class session, this will be counted as an absence.**

Letter grades will be computed:

- **A** = 720 - 650
- **B** = 649 - 580
- **C** = 579 - 510

*Late assignments may be turned in up to one week after the due date for a reduced letter grade. No assignments will be accepted after one week past the due date. All assignments are due by the beginning of class time on the due date.*

**Attendance policy:**

- Upon your second absence, you will have a 10% deduction in your grade. This means you may only have one unexcused absence without penalty.
- Three absences will result in an administrative drop or failing grade.
- The only excused absences will be illness with a doctor’s note, or death in the family with copy of an obituary.

This course is essential for training competent counselors. A grade of "C" indicates that the objectives of the course have not been accomplished sufficiently, and per the TAMUCC course catalogue, if you earn a “C” or lower, you will be required to retake the course. *Please see me if you are having problems* (sooner rather than later)

XI. Assignment Instructions and Rubrics

Individual Wellness Plan:
In 3-5 pages, Students will complete the wellness packet reviewed in class, and then use this information to complete their individual wellness plan. All of the following aspects must be covered comprehensively to receive full points.

- Wellness plans may be written in first person but otherwise must be in **APA 6th Edition format**.
- Choose **three** sub-sections of the Indivisible Self that you would like to work on for the semester. For each of these sub-sections, discuss:
  - Where are you currently with your level of wellness on this section?
  - Where would you like to be on your level of wellness with section? How will you know when you have achieved this goal? What specific ways can you measure whether you have accomplished it?
  - Create an action plan. What activities will you engage in throughout the semester to achieve your desired goal? Why will these activities help you achieve this goal?

**Wellness Plan Review:**
In two to three pages (APA 6th Edition Style) reflect upon your wellness activities for the semester. Were you successful in accomplishing your goals? After personal reflection, why or why not? How might you change or edit your activities to better meet your goals, or to further your goals? What have you learned about yourself as a counselor during this activity? How might knowledge of developing a wellness plan be helpful in your work with clients?

**Video Tape Role Play Transcript:**
Students are required to submit a 10 minute transcript with their first two video role plays and a 15 minute transcript with their final role play. In each role play you must review confidentiality at the beginning of the session. These transcripts must be verbatim including both the counselor and client’s responses, identification of the skills used (out of those we have already learned and practiced in class), and reflective comments by the student not only on weaknesses, but strengths as well. The transcript must be one full block, though I will watch the whole tape. Please note what time you start and stop your transcript. Transcripts MUST be in the following format:

**Transcript Example:**

<td>Looking at this now, it seems a little trite. I think I will try something else next time.</td>
</tr>
<tr>
<td><strong>Client:</strong> Well I have been having a problem with a nosy neighbor. <strong>Counselor:</strong> Really? Tell me more. <strong>Client:</strong> Well she comes over every day. I can’t get anything done. I need to work on the computer. I need to do some work around the house. But she won’t let me. <strong>Counselor:</strong> She doesn’t have anything else to do?</td>
<td>Minimal encourager and door opener</td>
<td>seems appropriate at this stage</td>
</tr>
<tr>
<td><strong>Client:</strong> I notice that the client is blaming the neighbor. She is not owning the problem. Maybe next time I will get the client to focus more on that. <strong>Counselor:</strong> Whoops, I missed the boat. I think it might have been better to reflect the client’s frustration.</td>

XII. Grade Appeals

As stated in University Rule 13.02.99.C2, Student Grade appeals, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Rule 13.02.99.C2, Student Grade Appeals and University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Office of Student Affairs.

XIII. Disabilities Accommodations

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at 361-825-5816.

XIV. Statement of Academic Continuity

In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

XIV. Selected Bibliography to Support Counseling Process

I ____________________________, received a copy of the course syllabus for CNEP 5384. I understand all of the course requirements delineated within including attendance, participation, and grading rubrics.
