andrew.piker@tamucc.edu

Course Description  
We will begin with an examination of the nature of morality, and of various moral theories and principles. In the remainder of the course, we will put this background to use in an exploration of various moral issues that arise in medicine: including informed consent, euthanasia and physician-assisted suicide, genetics, and the distribution of medical resources. We will read, discuss, and write about articles presenting different viewpoints on the issues, and case studies relevant to the issues.

Learning Outcomes  
Students taking the course will be expected to:  
1) demonstrate an understanding of a variety of ethical theories and principles  
2) apply those theories and principles to moral issues in medicine  
3) construct and evaluate arguments in support of moral positions.

Written Assignments and Grading  
Two tests (20% each); one paper, at least 4-5 pages (25%); short assignments, including in-class assignments, as well as a progress report and discussion assignment concerning the paper (10%); final exam (25%).

The tests and final exam will include short answer questions (e.g., true/false, multiple choice, definitions, brief explanations) and one essay per test or exam. The short assignments will consist largely of in-class assignments completed in small groups. In the progress report, students will begin formulating arguments on a medical ethics topic of their own choosing; they will also discuss those progress reports in small groups in class, and develop them into a paper in which they present and discuss the arguments in more detail.

Attendance, class participation, and improvement will be considered in deciding borderline cases. I will grade work on a 100 point scale, where A=90-100, B=80-89, etc.
**Late Assignments and Incompletes**

Students who miss a test or fail to turn in another assignment on time *for a good reason*, will be given a chance to make up the assignment and turn it in *during the same or following week*, at a time arranged with the instructor. An incomplete for the course is possible only in cases in which the course work is nearly complete, and the student has a legitimate reason for not completing the course work by the end of the semester.

**Attendance, Late Arrivals, Early Departures**

Attendance is not required, but is strongly encouraged. Attending class enables students to participate in discussion and learn from both the instructor and their classmates. Also, lecture material will be covered in detail on tests and the exam, and will include information not covered in the readings; and class periods will include in-class assignments that count towards the overall course grade. So missing classes is likely to have a negative impact on students’ grades.

Late arrivals and early departures tend to disrupt the class, and are therefore discouraged (if they are necessary in exceptional cases, however, please inform the instructor beforehand if possible).

**Plagiarism**

Plagiarism is the presentation of work as one’s own, which was in fact produced by another author (e.g., the submission of a paper as one’s own work, when it was written by someone else; or the submission of a portion of a paper written by another author, without citing the source of the material). University policy strictly prohibits plagiarism. Plagiarized work will be assigned a grade of “F.”

**Academic Advising**

The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. Degree plans are prepared in the CLA Academic Advising Center. The University uses an online Degree Audit system. Any amendment must be approved by the Department Chair and the Office of the Dean. All courses and requirements specified in the final degree plan audit must be completed before a degree will be granted. The CLA Academic Advising Office is located in Driftwood #203. For more information please call 361-825-3466 or log onto http://www.tamucc.edu/~aac

**Disability Services**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall, Room #116. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

GRADE APPEALS
As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures (available at http://academicaffairs.tamucc.edu/rules_procedures/assets/13.02.99.C2.01_student_grade_appeal_procedure.pdf).
For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, http://cla.tamucc.edu/about/student-resources.html. For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean’s Office.

Text (required)
Ronald Munson, Intervention and Reflection: Basic Issues in Medical Ethics (8th, 9th, or 10th edition)

Course Schedule
All page numbers for readings refer to the 10th edition of the Munson text

January 19 Introduction

24 Part I: Ethical Theories and Principles
Reading: pp. 903-946
  26 Reading: pp. 903-946, continued

31 Part II: The Relationship Between the Patient and the Health Care Professional
Reading: Introductory Material, pp. 40-60
February 2 Truth, Lies, and Deception
Reading: Lipkin, hand-out
  Cullen and Klein, pp. 94-101

7 Informed Consent
Reading: Canterbury decision, hand-out
  9 Reading: Dax case, pp. 3-7; and pp. 76-80
  Video: Please Let Me Die

14 Part III: Euthanasia and Physician-Assisted Suicide
Reading: Introductory Material, pp. 565-594
16 Reading: Gay-Williams, pp. 602-604
21 Review  
23 Test  

28 Reading: Singer, pp. 604-612  
March 2  Reading: Rachels, pp. 594-598  

7 Part IV: Abortion and Impaired Infants
Abortion  
Reading: Introductory Material, pp. 441-477; and Warren, pp. 492-501  
9 Reading: Lee and George, pp. 501-506; and Marquis, pp. 461-465  

14 Spring Break  
16 Spring Break  

21 Impaired Infants  
Reading: Introductory Material, pp. 515-534; and Weir, hand-out  
23 Reading: Robertson, pp. 547-554  

28 Paper Progress Reports Due  
30 Reading: Smith, pp. 534-538  

April 4 Review  
6 Test  

11 Part V: Genetics
Genetic Control  
Reading: Introductory Material, pp. 279-302; and pp. 244-247  
Video: Cracking the Code  
13 Reading: Savulescu, pp. 315-321; and Sandel, pp. 321-327  

18 Cloning  
Reading: Introductory Material, pp. 361-366, and pp. 386-394; and hand-out on Human Reproductive Cloning  

20 Reading: Strong, pp. 416-420  

25 Part VII: Distribution of Health Care
Health Care Systems  
Reading: Introductory Material, pp. 681-704  
Video: Sick Around the World  
27 Reading: Hall and Lord, pp. 712-721; and hand-outs on the Affordable Care Act, Massachusetts health care system, and Canadian approach to health care
May 2 Review
Paper Due

Final Exam Date: Thursday, May 4, 1:45-4:15
