SPED 4345: Introduction to Students with Emotional and Behavior Disorders
Texas A&M University – Corpus Christi
College of Education
Course Syllabus – Summer 2017
Class Meets Online

PROFESSOR: Curtis L. Johnson, M.S.
EMAIL: curtis.johnson@tamucc.edu
OFFICE HOURS: Tuesday, 1:00pm – 4:00pm, CW 224
Thursday, 1:00-4:00 pm, Virtual Office Hours using Blackboard (Bb Messages or Chat) or by appointment
PHONE: 361-825-5845

I. COURSE DESCRIPTION
This introductory course will provide comprehensive information on emotional and behavioral disorders. Course content includes: prevention, positive behavior supports (PBS), Response to Intervention (RtI), definitions, characteristics, prevalence, causes, assessment, functional behavior assessment (FBA), applied behavior analysis (ABA), advocacy, education service placements and current issues in the field.

II. RATIONALE
Behavior management is an effective tool for use by parents, teachers, and childcare providers in the development of children, who will later become productive members of society. Behavior management strategies are designed to foster socially acceptable and academically beneficial behaviors in children. Children who exhibit disruptive behaviors at home create stress, anxiety, and emotional discord that affect every member of the family. There is an ever-increasing need to diminish disruptive conduct in our classrooms because failure to do so results in time off task not only for the student or students participating in the disruption, but for the class as a whole. Each time that an educator has to stop teaching in order to reprimand a student, document the incident and/or contact parents, valuable instructional time is lost. This course will describe various behavior management strategies that may be used collectively or individually to addresses a particular concern and provide students with practical information and strategies for use with children and adolescents with challenging behavior, as well as emotional and behavioral disorders (ED/BD).

III. STATE ADOPTED PROFICIENCIES FOR EDUCATORS
The state adopted proficiencies covered in this course include the following:
1. Learner-Centered Knowledge: The teacher possesses and draws on a rich knowledge base of content, pedagogy, and technology to provide relevant and meaningful learning experiences for all students.
2. Learner-Centered Instruction: To create a learner-centered community, the teacher collaboratively identifies needs; and plans, implements and assesses instruction using technology and other resources.
3. **Equity in Excellence for All Learners**: The teacher responds appropriately to all diverse groups of learners.

VI. **STUDENT LEARNING OUTCOMES**

Students in the EC-12 Special Education program will:

A. Demonstrate a depth of knowledge of understanding individuals with disabilities and evaluating their needs. (SPED 4310, SPED 4330, SPED 4335, SPED 4340, and SPED 4345 are linked to this student learning outcome.)

B. Demonstrate a depth of knowledge of fostering learning and development for individuals with disabilities. (SPED 4330, SPED 4335, SPED 4340 and SPED 4345 are linked to this student learning outcome.)

C. Demonstrate a depth of knowledge of foundations of special education and professional roles and responsibilities of the special education teacher. (SPED 4310 and SPED 4330 are linked to this student learning outcome.)

D. Effectively apply the competencies of a special education teacher in their student teaching experience. (SPED 4310, SPED 4325, SPED 4330, SPED 4335, SPED 4340, SPED 4345 and SPED 4397 are linked to this student learning outcome.)

V. **TExES COMPETENCIES**

**Council for Exceptional Children: Initial Level Content Standards**

TAMUCC Special Education Program is aligned with the National CEC Standards

Beginning special educators demonstrate their mastery of the following standards:

**Initial Content Standard 1: Foundations**

Special educators understand the field as an evolving and changing discipline based on:

- philosophies and evidence-based principles and theories
- relevant laws and policies
- diverse and historical points of view
- human issues that influence the field and professional practice
- issues of human diversity that can impact families, cultures, and schools
- relationships of organizations of special education to the organizations and functions of schools, school systems, and other agencies

**Initial Content Standard 2: Development and Characteristics of Learners**

Special educators:

- know and demonstrate respect for their students first as unique human beings
understand the similarities and differences in human development
understand how exceptional conditions can interact with the domains of human development
use this knowledge to respond to the varying abilities and behaviors of individuals with exceptional learning needs

Initial Content Standard 3: Individual Learning Differences

Special educators:
- know and understand the effects that an exceptional condition can have on an individual's learning in school and throughout life
- utilize active and resourceful means in seeking to understand how primary language, culture, and familial backgrounds interact with the individual's exceptional condition
- understand learning differences provide the foundation upon which special educators individualize instruction

Initial Content Standard 4: Instructional Strategies

Special educators:
- possess a repertoire of evidence-based instructional strategies to individualize instruction for individuals with exceptional learning needs
- select, adapt, and use these instructional strategies to promote positive learning results in general and special curricula
- modify learning environments appropriately for individuals with exceptional learning needs
- enhance the learning of critical thinking, problem-solving, and performance skills of individuals with exceptional learning needs
- promote increased student’s self-awareness, self-management, self-control, self-reliance, and self-esteem
- emphasize the development, maintenance, and generalization of knowledge and skills across environments, settings, and the life span

Initial Content Standard 5: Learning Environments and Social Interactions

Special educators:
- create learning environments for individuals with exceptional learning needs
- foster cultural understanding, safety and emotional well-being, positive social interactions, and active engagement
- foster environments in which diversity is valued
- shape environments to encourage the independence, self-motivation, self-direction, personal empowerment, and self-advocacy
- help their general education colleagues integrate individuals with exceptional learning needs in general education environments and engage them in meaningful learning activities and interactions
- use direct motivational and instructional interventions
- teach students to respond effectively to current expectations
- intervene with individuals with exceptional learning needs in crisis
- coordinate all these efforts and provide guidance and direction to paraeducators and others, such as classroom volunteers and tutors

Initial Content Standard 6: Language
Special educators:
- understand typical and atypical language development
- use individualized strategies to enhance language development and teach communication skills
- are familiar with augmentative, alternative, and assistive technologies to support and enhance communication
- match communication methods to an individual's language proficiency and cultural and linguistic differences
- provide effective language models and use communication strategies and resources to facilitate understanding of subject matter for individuals with exceptional learning needs whose primary language is not English.

Initial Content Standard 7: Instructional Planning
Individualized decision-making and instruction is at the center of special education practice.
Special educators:
- develop long-range individualized instructional plans anchored in both general and special education curricula
- systematically translate these individualized plans into carefully selected shorter-range goals and objectives taking into consideration an individual's abilities and needs, the learning environment, and a myriad of cultural and linguistic factors
- emphasize explicit modeling and efficient guided practice to assure acquisition and fluency through maintenance and generalization
- modify instructional plans based on ongoing analysis of the individual's learning progress
- facilitate instructional planning in a collaborative context
- develop a variety of individualized transition plans from preschool to a variety of postsecondary work and learning contexts
- use appropriate technologies to support instructional planning and individualized instruction

Initial Content Standard 8: Assessment
Assessment is integral to the decision-making and teaching of special educators and special educators use multiple types of assessment information for a variety of educational decisions.
Special educators use the results of assessments:
- to help identify exceptional learning needs and to develop and implement individualized instructional programs
- to adjust instruction in response to ongoing learning progress
Special educators understand:
- legal policies and ethical principles of measurement
- measurement theory and practices
• appropriate use and limitations of various types of assessments

Special educators collaborate with families and other colleagues to:
• assure nonbiased, meaningful assessments and decision-making
• conduct formal and informal assessments of behavior, learning, achievement and environments
• identify supports and adaptations required for individuals
• regularly monitor the progress of individuals
• use appropriate technologies to support their assessments

Initial Content Standard 9: Professional and Ethical Practice
Special educators are guided by the profession’s ethical and professional practice standards to:
• practice ongoing attention to legal matters along with serious professional and ethical considerations

Special educators view themselves as lifelong learners and regularly reflect on and adjust their practice to reflect current evidence-based best practices.

Initial Content Standard 10: Collaboration
Special educators routinely and effectively collaborate with families, other educators, related service providers, and personnel from community agencies in culturally responsive ways and promote and advocate the learning and well-being of individuals with exceptional learning needs across a wide range of settings and a range of different learning experiences.

VI. COURSE OBJECTIVES AND OUTCOMES

This course is designed to enable students to:

1. Explore an integrated system of prevention and intervention for students with or at risk for learning and emotional/behavioral difficulties.
2. Develop strategies to address academic behaviors and instructional issues.
3. Learn to effectively manage challenging behaviors.
4. Provide a comprehensive approach to student services.

The overarching objective in this course is to prepare students to use evidence-based practices in identifying, assessing, educating, and intervening with students with ED/BD to better meet their educational and social-behavioral needs.

This course is to ensure that:

1. The special education teacher understands and interprets formal and informal assessment procedures and knows how to evaluate student competencies to make instructional decisions (I. 002).
2. The special education teacher understands and applies knowledge of procedures for planning instruction for individuals with disabilities (III. 003).
3. The special education teacher understands and applies knowledge of procedures for managing the teaching and learning environment, including procedures related to the use of assistive technology (II. 004).

4. The special education teacher understands and applies knowledge of issues and procedures for teaching appropriate student behavior and social skills (II. 006).

5. The special education teacher knows how to communicate and collaborate effectively in a variety of professional settings. (IV. 012).

VII. COURSE TOPICS
The major topics to be considered are the following:
- IDEA and Section 504
- Characteristics and needs of students with or at risk for learning and ED/BD
- Proactive approaches for identifying and treating students at risk for academic failure
- Proactive approaches for identifying students at risk for socio-behavioral problems
- Proactive and preventative practices and outcomes for students with ED/BD
- Positive Behavior Supports
- Classroom organization and structure
- Direct instruction
- Functional Behavior Assessment and Applied Behavior Analysis
- Social skills assessment and instruction for students with ED/BD
- Effective intervention strategies for students with ED/BD disorders
- Paraprofessionals supporting students with students with ED/BD
- Transitioning from school to the community

VIII. INSTRUCTIONAL METHODS AND ACTIVITIES
The methods and activities for instruction include the following:
- Readings and discussion
- Cooperative learning
- Case studies
- Planning of a Behavior Intervention Plan (BIP) addressing the needs of a school-age child or community member
- Student presentations on course topics that demonstrate “expert” knowledge
- Written assignments
IX. EVALUATION AND GRADE ASSIGNMENT
The final grade will be based on the following:

Two Quizzes (2 at 75 points each) 150 points
Learning Activities (4 at 25 points each) 100 points
Classroom Management Poster (group project)* 100 points
Super Nanny Video Review (group project)* 100 points
Behavior Change Project* 100 points
Final Exam (at least 50% of material drawn from Unit Quizzes) 150 points

Total Points=700
630-700=A; 560-629 =B; 490-559=C; 420-489=D; 419 and below=F

Virtually all assignments are graded using a rubric. It is always in your best interest to review the rubric and use it as a final checklist before submitting your work.

*Instructions for these major assignments will be provided online.

XI. TENTATIVE CLASS SCHEDULE

7/3
Introduction
Activity A (Parts 1 and 2)

7/5-7
Optional Orientation Session 7/6 from 5-6 pm in Bay Hall 126
Unit 1, Foundations of Behavior Disorders, Chapters 1-3
Activity B
Classroom Management Poster Session group assigned

7/10-7/17 Unit 2, Chapters 9-11, Classroom and Behavior Management
Classroom Management Poster Session (posted by 7/16; gallery walk by 7/17)
Quiz 1 (must be completed by 7/17)
Super Nanny Video Review (sign-up by 7/17)

**XII. COURSE POLICIES**

**Academic Integrity/Plagiarism**
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in failure. See website [http://judicialaffairs.tamucc.edu/](http://judicialaffairs.tamucc.edu/).

**Submission of Work**
All written work turned in must be typewritten. Late work will not be accepted unless prior arrangements have been made *in advance* with the instructor or documentation is provided of a medical or family emergency.

All online assignments must be submitted no later than 11:59 pm on the due date.

**Dropping a Class**
I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with me before you decide to drop to be sure it is the best thing to do. Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. Check the university academic calendar website for dates related to dropping a class with an automatic grade of "W" this term. See website [http://www.tamucc.edu/academics/academic_cal.html](http://www.tamucc.edu/academics/academic_cal.html).
Preferred methods of scholarly citations
Publication Manual of the American Psychological Association, Sixth Edition is the preferred method for citations within papers.

Classroom/professional behavior
All students are expected to act in a responsible manner with consideration of fellow students and toward TAMU-CC faculty and staff members. Specific rules and information is available in the TAMU-CC Student Handbook and available through the website http://judicialaffairs.tamucc.edu/studentcofc.html.

Statement of Academic Continuity
In the event of an unforeseen adverse event, and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

Grade Appeals*
As stated in University Rule 13.02.99.C2, Student Grade Appeals, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Rule13.02.99.C2, Student Grade Appeals, and University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Office of Student Affairs.

Disabilities Accommodations*
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in CCH 116. See website http://disabilityservices.tamucc.edu/.
If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

**Blackboard Learning Systems Support**
URL: http://iol.tamucc.edu  
URL: Island Online Student Resources  
Webpage: https://distance-education.tamucc.edu/student_resources.html  
“Help” At the bottom of the Course Management Control Panel in the course menu on the left-hand column of the course interface.  
Phone: Help Desk (361) 825-2825

**Technology Requirements**
To prepare your computer for using Blackboard 9.1, go to https://iol.tamucc.edu/techreq.php for computer requirements.

To view .pdf files you will need the Adobe Reader. Download it at: http://get.adobe.com/reader/.

To view flash (.flv) files from sites such as You Tube, download the Flash player at http://get.adobe.com/flashplayer/.

**Navigating Blackboard 9.1**
Once you are in the course, read the “Announcements” on the home page. Check this each time you enter your course. You will see a Course Menu on the left of the page. The menu is a list of links that connect to materials and tools associated with the course. Blackboard has several features and tools for communicating content delivery that you should use almost daily. Links to information about how to use these tools include: Bb Help, which contains a complete guide to learning how to use the many tools and features in Blackboard, and Bb Video Tutorials, which links to a page with videos to show you how to do tasks such as submitting an assignment.

**Library resources** (including print, electronic, and human) can be accessed through the Mary and Jeff Bell Library website that supports electronic searches of articles, books, journals, course reserves, and databases. It includes information such as Ask a Librarian, research tools, remote access information and tutorials, information about plagiarism and copyright, and interlibrary loan (http://rattler.tamucc.edu/distlearn/). The library is a member of TexShare which provides you with a card that allows you to checkout materials from libraries across Texas. Librarians’ contact information is also on the website and you are encouraged to contact librarians for assistance.

**In the event of a campus evacuation** I will make every effort to continue teaching your course. Should such an event occur, I will continue to interact with you by using the Blackboard Announcement, Messages, Collaboration,
Discussions, Blogs, Journals, and/or Wikis tools. If you have access to the Internet, you will be able to continue your coursework by posting assignments and interacting with me as well as each other online. You will also be able see your grades on assignments, quizzes, and tests using the My Grades tool.

**Online Course Guidelines**

Students will practice respect and responsibility as a part of this learning community. Here are some things you can do to exhibit an attitude of respect and responsibility:

- Post assignments on time. Early is even better.
- Work extra hard to get to know other classmates.
- Success in group activities will require strong collaborative skills, excellent time management, and flexibility.
- Reach out using our course tools to support each other. If you have good info/tips on what is working for you/resource ideas, please share with the group so we can help each other out.
- Respect other classmates by watching what you say.
- Add your opinions to/participate in the discussions.
- Be supportive of other students.
- Don’t get behind. If you get behind in an online course it is harder to get back on track than it is in a traditional course.
- Stay focused and stay connected.
- Keep up with your assignments and your grades. It is not the teacher's responsibility to tell you what you have or haven't turned in. Your grades will be available in Blackboard so all you have to do is regularly check to make sure you have grades posted for all work.
- In general terms, students are expected to "demonstrate a high level of maturity, self-direction and ability to manage their own affairs" and to "conduct themselves in accordance with the highest standards of academic honesty." Instances of plagiarism will be handled in accordance with Texas A&M University-Corpus Christi General Academic Policies and Regulations as listed in the current catalog.

**Student login expectations**—Students are required to login often – once every two days at a minimum. It is recommended that students check daily for updates. (Specific login instructions are available at Blackboard Login https://bb9.tamucc.edu)

**Instructor Feedback**—During the week (exclude weekends), I will generally respond to online requests within 24 hours. If you have not received a response to a question within 48 hours, please resubmit your inquiry.

**Instructor availability to support students**—I maintain a consistent web presence and am available to meet in my office, online or via phone. I want to
you to do well and develop critical knowledge and skills. Please contact me with questions, comments or concerns.

**Syllabus Disclaimer**
This syllabus should serve as your guide to the online course and is as accurate as possible. However, all information is subject to change; changes will be posted via Blackboard announcements.

*Required by SACS*
