Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

Team Case Presentations:

Each student will work in a team to prepare two case presentations, 5 to 15 minutes each. Each team will select two cases (shown on syllabus) and develop Microsoft PowerPoint presentation. Going less than 5 or longer than 15 minutes will result in a grade penalty. Practice before class. You must also submit a one-page summary of key points about the case and provide printed copies to all class members. Email your presentation PPT file to Dr. Smith prior to class. The presentation must include the following information, at a minimum:
