body of work. All work presented in class critiques must be completed unless otherwise discussed with the instructor.

**Grading Criteria:**
Grading will be based on the six works you complete throughout the semester and determined by progress, craftsmanship and creativity. Of the six, the lowest grade will be eliminated. The letter grade and its corresponding numerical value is as follows:

- **“A” (90 – 100)**
  - Excellent work and consistent, exemplary effort
  - A strong compositional sense (ordering of edges, shapes, values, clarity, detail etc.)
  - All illusions of spatial movement and volume are clear and easily understandable

- **“B” (80 – 89)**
  - Above average work, shows considerable growth
  - Compositional sense is becoming stronger.
  - All spatial movement and volume are clear and easily understandable

- **“C” (70 – 79)**
  - Satisfactory work, some progress, good attendance

- **“D” (60 – 69)**
  - Work needs improvement, poor attendance
  - Spaces and volumes are unclear and ambiguous
  - Lack of control over materials and illusions

- **“F” (Below 59)**
  - Shows little progress and effort
  - Insufficient growth in skill

Sample grading: 85 + 75 + 45 + 70 + 90 + 85 = 405 / 5 = 81 (B) Final Grade

**Attendance**
Attendance is mandatory for your success, will be recorded during each class session and is considered as part of the professionalism element of your final grade.

- You will lose a single letter grade on your fourth (4) absence.
- Five (5) absences will result in the drop of another letter grade.
- Six (6) absences will result in the failure of the course.
- Three (3) late arrivals or early departures will result in the recording of one (1) full absence.

Students are required to attend class for the duration of the scheduled time or until the Professor dismisses the class.

**Attending critiques are mandatory.**
**PROFESSIONAL REQUESTS:**
1. Get to class on time and don’t leave early.
2. Be courteous to your fellow students.
3. I do not mind music with headphones, but it must be turned off while I speak.

**Academic Honesty**
*Student Handbook:* Students who violate academic integrity and regulations (see current University Catalog) by plagiarism, other academic dishonesty or disruptive behavior will be held accountable by faculty and may have their grades adjusted accordingly.

**Cleanup**
Keep your area clean. Unnecessary clutter will hinder your productivity and performance. All paint must be properly disposed of. Turn your lights off when you leave. Anything left behind after the cleanup will be discarded (projects, supplies, etc.)

**Conduct Policy:**
Here at Texas A&M University we expect students to be kind and respectful. Mean, threatening or bullying behavior or language will not be tolerated. Homophobic, racist, sexist or hateful language or behavior of any kind will not be tolerated. Disrespectful behavior of any kind will not be tolerated, including (but not limited to) talking during class after being asked to stop, disrupting classmates, talking nonstop on your phone during class, distracting classmates or making classmates uncomfortable. If we find that a student has done any of the aforementioned, you will be asked to leave class and we will report your behavior to the chair and that day will be counted absence.

**Grade Appeals**
As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. Supply List for Oil Painting

I. Paint

All of the ten spectrum hues plus black and white are needed for full mixing potential. While you can get along with less, you will be severely limited in what you can achieve without frustration, since many hues cannot be mixed and must be chemically manufactured from special ingredients. With a very limited palette you must learn to be very ingenious in order to make the most of what you have.

Preferred: 200 ml tube
