A further investigation of painting with emphasis on individual expression.

B. FOCUS, PURPOSE AND GOALS OF COURSE:

1. COURSE PURPOSE:
The purpose of Advanced Painting is to provide each student with a varied media painting experience beyond those practiced in Painting I and II, as well as to further extend visual thinking skills, increase knowledge of historical and contemporary art forms, and to become further acquainted with the technical approaches to materials and the methods for creating a cohesive body of work.

2. COURSE GOALS:
Advanced Painting is designed to extend each student's basis of visual knowledge, critical thinking skills, and working disciplines so that by the end of the semester he or she will:

b. have demonstrated greater confidence in and strategies toward individual creativity.
c. have demonstrated specific knowledge of contemporary and historic artistic models
d. have designed strategies to enhance visualization and critical thinking

f. have completed no fewer than eight paintings by the end of the semester demonstrating a cohesive body of work.
g. have developed a full sketchbook with weekly assignments completed in pencil, ink, and gouache.

Methods of Evaluation:
Students will be evaluated on the development and execution of their ideas, attendance, overall improvement, their oral and written participation in critiques and discussions, the completion of each assignment, and the excellence of their total body of work. All work presented in class critiques must be completed unless otherwise discussed with the instructor.

**Grading Criteria:**
Grading will be based on the six works you complete throughout the semester and determined by progress, craftsmanship and creativity. Of the six, the lowest grade will be eliminated. The letter grade and its corresponding numerical value is as follows:

**“A” (90 – 100)**
- Excellent work and consistent, exemplary effort
- A strong compositional sense (ordering of edges, shapes, values, clarity, detail etc.)
- All illusions of spatial movement and volume are clear and easily understandable

**“B” (80 – 89)**
- Above average work, shows considerable growth
- Compositional sense is becoming stronger.
- All spatial movement and volume are clear and easily understandable

**“C” (70 – 79)**
- Satisfactory work, some progress, good attendance

**“D” (60 – 69)**
- Work needs improvement, poor attendance
- Spaces and volumes are unclear and ambiguous
- Lack of control over materials and illusions

**“F” (Below 59)**
- Shows little progress and effort
- Insufficient growth in skill

Sample grading: 85 + 75+ 45+ 70 + 90 + 85 = 405 / 5= 81 (B) Final Grade

**Attending critiques are mandatory.**

**PROFESSIONAL REQUESTS:**
1. Get to class on time and don’t leave early.
2. Be courteous to your fellow students.
3. I do not mind music with headphones, but it must be turned off while I speak
4. You are here to paint, not to socialize. Hold conversations until break time.

**Cleanup**
Keep your area clean. Unnecessary clutter will hinder your productivity and
performance. All paint must be properly disposed of. Turn your lights off when you leave. Anything left behind after the cleanup will be discarded (projects, supplies, etc.)

Grade Appeals

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://academicaffairs.tamucc.edu/rules_procedures/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost.
