Grade Appeals*

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost.

Disabilities Accommodations*

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116.

Statement of Academic Continuity

In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

*Required by SACS or HB2504
EDUC 5351 is a compacted course representing three semester credits hours which has previously been delivered as a full-semester course. Therefore, until the course is completed, “each day there will be something to do.” The “Course unit sequence” found in the left menu provides a weekly agenda for each of the five units along with the mid-term and final exam weeks.

Read and study the syllabus prior to beginning the course. Review the syllabus periodically so that you are able to “stay one step ahead.” Create your own EDUC 5351 work schedule by merging the course assignments/due dates into your own personal calendar.

Consider these questions . . . “Is teaching a profession?” . . . . “Does our society expect its professionals to undergo rigorous training to be effective in difficult, challenging situations?” If so, then you should expect an element of rigor in your preparation for becoming a professional educator. “Work hard, have fun!”
