Course Number and Section: KINE 4325-W.01  
Instructor: Lindsey Jarrett, MS, CSCS  
Class Meeting Time and Location: Online  
Office Hours: Questions/Concerns will be answered via email within 24 hours.  
Semester: Fall 2017  
E-Mail: Lindsey.Jarrett@tamucc.edu

KINE 4325 – Kinetic Anatomy

COURSE DESCRIPTION
An analysis of the skeletal, muscular, and neurological structure and functional aspects of human movement with emphasis on sport and fitness activities. Prerequisite: BIOL 2401 and KINE 1320 or KINE 2313. Kinesiology is an introductory/survey course designed to provide students with the basic knowledge of kinetic anatomy including the integration of the skeletal, muscular and neurological systems to produce human movement. The web based format will provide both information and some practical application to real life situations.

COURSE OBJECTIVES/LEARNING OUTCOMES
As a result of successfully completing this course, the student will be able to:
1. Define the term "kinesiology".
2. Understand the difference between a narrow and broad interpretation of "kinesiology" in the professions.
3. Identify and describe the reference positions, planes, and axes associated with the human body.
4. Identify the terminology used to describe body part locations, reference positions, and anatomical directions.
5. Categorize joints based on structure and movement capabilities.
6. Explain the functions of articular cartilage and fibrocartilage.
7. Identify factors contributing to joint stability and flexibility.
8. Identify the basic behavioral properties of the musculotendinous unit.
9. Explain how skeletal muscles function to produce coordinated movement of the human body.
10. Identify muscles that are active during specific upper extremity movements.
11. Identify exercises that strengthen the upper extremities.
12. Identify muscles that are active during specific lower extremity movements.
13. Identify exercises that strengthen the lower extremities.
14. Identify muscles that are active during specific spine movements.
15. Identify exercises that strengthen the spine.
16. Describe the segmental movements occurring in a multi-joint activity or sport skill.
17. Demonstrate computer proficiency through the use of word processors, spreadsheets, kinesiology software, electronic mail, and the Internet.

Course topics will include:
1. Foundations of structural kinesiology.
2. Neuromuscular fundamentals.
3. Basic biomechanical factors and concepts.
4. The shoulder girdle.
5. The shoulder joint.
6. The elbow and radioulnar joint.
7. Muscular analysis of upper extremity exercises.
8. The hip and pelvic girdle.
10. The trunk and spinal column.
11. Muscular analysis of trunk and lower extremity exercises.
MAJOR COURSE REQUIREMENTS
The course will include traditional experiences including assigned chapter readings, powerpoint presentations, and website usage. Clinical experiences include weekly assignments include hands-on application of material. Your grade in this class will be determined from a point percentage. Points will be given for exams and completed skill proficiencies. The grading scale is as follows:

Traditional Assessment
  a. One Pre-test assessment = 5 points
  b. Weekly homework assignments (13 total) @ 5 points each = 65 points
  c. Weekly quizzes (14 total) @ 10 points each = 140 points
  d. Four exams @ 50 points each = 200 points
Total Points = ~ 410 points

Grading Scale
  90-100% = A, 80-89% = B, 70-79% = C, 60-69% = D, Below 60% = F

ADOPTED PROFICIENCIES FOR TEACHERS AND/OR ADMINISTRATORS/COUNSELORS
1. LEARNER-CENTERED KNOWLEDGE: The teacher possesses and draws on a rich knowledge base of content, pedagogy, and technology to provide relevant and meaningful learning experiences for all students.
2. LEARNER-CENTERED INSTRUCTION: To create a learner-centered community, the teacher collaboratively identifies needs; and plans, implements, and assesses instruction using technology and other resources.
3. EQUITY IN EXCELLENCE FOR ALL LEARNERS: The teacher responds appropriately to diverse
groups of learners.
4. LEARNER-CENTERED COMMUNICATION: While acting as an advocate for all students and the
school, the teacher demonstrates effective professional and interpersonal communication skills.
5. LEARNER-CENTERED PROFESSIONAL DEVELOPMENT: The teacher, as a reflective practitioner
dedicated to all students’ success, demonstrates a commitment to learn, to improve the profession, and to
maintain ethics and personal integrity.

TEXES COMPETENCIES & CAATE COMPETENCIES & PROFICIENCIES

TEXES COMPETENCIES
a. Domain I – MOVEMENT SKILLS AND KNOWLEDGE
   i. Competency 003 – The teacher understands and applies knowledge of movement
      concepts and biomechanical principles.
b. Domain II – HEALTH-RELATED PHYSICAL FITNESS
   i. Competency 006 – The teacher understands major body systems, principles of
      physical fitness development and training, and the benefits of a healthy, active
      lifestyle.

NATIONAL COMPETENCIES & PROFICIENCIES FOR ATHLETIC TRAINING
(CAATE 4th Ed.)
Diagnosis Competencies Taught & Evaluated
A. DI-C4: Explain directional terms and cardinal planes used to describe the body and the
   relationship of its parts.
B. DI-C5: Describe the principles and concepts of body movement including functional
   classification of joints, arthrokinematics, normal ranges of joint motion, joint action
   terminology, and muscle groups responsible for joint actions (prime movers, synergists),
   skeletal muscle contraction, and kinesthesia/proprionception.

CLASS POLICIES

Attendance

The entire course including assignments, quizzes and exams are available on-line and are available
according the course schedule. Students are required to complete the course work when assigned and
complete the work by the due date. Excused absences are limited to participation in a TAMUCC
sanctioned event or participation in a religious holy day as outlined in the University catalog; however,
because there is typically is sufficient time to complete all assignments missed assignments, quizzes and
exams will only be made up in extreme circumstances. Any assignment, quiz, or test missed due to a
TAMUCC sanctioned event must be completed prior to the absence. Coursework, assignments, and
quizzes may not be made-up due to tardiness. Consistent and punctual attendance and participation is
critical to the successful completion of this course. If the student misses an assignment, quiz or exam due
to emergencies which involve illness, family emergencies etc., it is the responsibility of the student to
notify the instructor as soon as possible via e-mail.

Academic Integrity/Plagiarism.
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in a zero and protocol will be followed as outlined in the University Catalog.

**Dropping a Class**

I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. **Please consult with your academic advisor, the Financial Aid Office, and me, before you decide to drop this course.** Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. November 15, 2017 is the last day to drop a class with an automatic grade of “W” this term.

**Classroom/professional behavior**

Texas A&M University-Corpus Christi, as an academic community, requires that each individual respect the needs of others to study and learn in a peaceful atmosphere. Under Article III of the Student Code of Conduct, classroom behavior that interferes with either (a) the instructor’s ability to conduct the class or (b) the ability of other students to profit from the instructional program may be considered a breach of the peace and is subject to disciplinary sanction outlined in article VII of the Student Code of Conduct. Students engaging in unacceptable behavior may be instructed to leave the classroom. This prohibition applies to all instructional forums, including classrooms, electronic classrooms, labs, discussion groups, field trips, etc. Texas A&M University-Corpus Christi has a diverse student population that represents the population of the state. Our goal is to provide you with a high quality educational experience that is free from repression. You are responsible for following the rules of the University, city, state and federal government. We expect that you will behave in a manner that is dignified, respectful and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

**Grade Appeals**

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student
Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost.

Disabilities Accommodations

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116.

If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

Statement of Academic Continuity

In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.
