Course Description
We will begin by studying the nature of philosophical approaches to ethics, and to ethical argumentation. We will then examine and discuss a variety of ethical theories and principles; and we will put this background to use in an exploration of ethical problems that arise in professional life.

Student Learning Outcomes
Students taking the course will be expected to:
1) demonstrate an understanding of a variety of ethical theories and principles
2) apply those theories and principles to professional ethics issues
3) develop their reasoning skills
4) construct and evaluate ethical arguments

Graded Assignments
First test (20% of overall grade); the test will consist of a combination of short answer (e.g., true/false, multiple choice) and longer answer (e.g., definitions, brief explanations, essay) questions.

Second test (25% of overall grade); the test will consist of a combination of short answer (e.g., true/false, multiple choice) and longer answer (e.g., definitions, brief explanations, essay) questions.

Final exam (25% of overall grade); the test will consist of a combination of short answer (e.g., true/false, multiple choice) and longer answer (e.g., definitions, brief explanations, essay) questions.

Short Assignments (10% of your overall grade); we will have a number of in-class discussion assignments, which will be done in small groups; they will focus on analysis of specific ethical issues, generally through the use of case studies, and will include a group discussion of the paper progress reports; the paper progress report will also be one of the short assignments; it is a one page written assignment in which you will choose and begin exploring the ethical issue you will discuss more fully in your ethical analysis paper.
**Ethical Analysis Paper** (20% of overall grade): A paper of at least 3-5 pages involving application of material from the class to the issue addressed in your paper progress report, and a more detailed development of your views and reasoning on the issue.

**Grading Scale**
All grades will be assigned on the standard scale: 90%-100%=A, 80%-89%=B, 70%-79%=C, 60%-69%=D, 59% and below=F. Each student’s assignments will be graded by her/his recitation section instructor.

**Late Assignments and Incompletes**
Students who miss a test or fail to turn in another assignment on time for a good reason (e.g., a significant medical problem) will be given a chance to make up the assignment and turn it in during the same or following week, at a time arranged with the instructor. An incomplete for the course is possible only in cases in which the course work is nearly complete, and the student has a legitimate reason for not completing the course work by the end of the semester.

**Plagiarism**
Plagiarism is the presentation of work as one’s own, that was in fact produced by another author (e.g., the submission of a paper as one’s own work, when it was written by someone else; or the submission of a portion of a paper written by another author, without citing the source of the material). University policy strictly prohibits plagiarism. The penalty for plagiarism will be determined by the instructor responsible for the grading of the assignment in question.

**Online Information**
Hand-outs, study guides, and assignments will be posted on BlackBoard.

**Readings**

Grade Appeals Process
As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures (available at http://academicaffairs.tamucc.edu/rules_procedures/assets/13.02.99.C2.01_student_grade_appeal_procedure.pdf). For complete details on the process of submitting a formal grade appeal, please visit the College of Liberal Arts website, http://cla.tamucc.edu/about/student-resources.html. For assistance and/or guidance in the grade appeal process, students may contact the Associate Dean’s Office.
