SMTE 1351 Fundamentals of Mathematics II  
Department of Mathematics and Statistics  
Fall 2017

A. COURSE INFORMATION

Course number/section: CRN 41054, SMTE 1351.B02  
Class meeting time: Tuesday & Thursday 11:00am-12:15pm  
Class location: Tuesday (face-to-face) CS-107, and Thursday online  
(unless specified otherwise by Course Schedule)  
Course Website: TAMU-CC Blackboard https://bb9.tamucc.edu

B. INSTRUCTOR INFORMATION

Instructor: Valentina Postelnicu  
Office location: CI-357  
Office hours: Tuesday 9:30am-10:45am, 12:30pm-1:45pm  
Wednesday 6:00pm-7:15pm online via WebEx  
Thursday 7:00pm-8:15pm online via WebEx, and by appointment  
Telephone: (361) 825-3023 (office)  
E-mail: Valentina.Postelnicu@tamucc.edu  
Appointments: Please email me, and include information about your availability during the  
week you would like to meet with me.

C. COURSE DESCRIPTION

Catalog Course Description  
The conceptual framework for understanding and applying properties, models, and  
operations related to various data systems in problem solving settings.

Extended Course Description  
This is a required mathematics content course addressed to future teachers.

D. PREREQUISITES AND COREQUISITES

Prerequisites  
SMTE 1350 Fundamentals of Math I.

Corequisites  
None.

E. REQUIRED TEXTBOOK(S), READINGS AND SUPPLIES
Required Textbooks

- MyLabsPlus Access is required for this class. The hard copy of the textbook is not required (MyLabsPlus will give you access to a digital copy of the textbook).

- We recommend the same textbook used for SMTE 1350 *Mathematical Reasoning for Elementary Teachers* by Long, De Temple, and Millman 7th edition with MyMathLab Access, Custom Package for Texas A&M University Corpus Christi, Pearson Custom Publishing. Students will be required to have an access code for MyLabsPlus (needs to be purchased from our campus bookstore only if it is the first time students use it, otherwise the old access credentials used for SMTE 1350 should work – if associated with Long’s 7th edition).

- The Website for MyLabsPlus is www.tamucc.mylabsplus.com. Students will use their Island ID as their username and either use a previous password or ask for a new one. The MyLabsPlus help line is 1 888-883-1299.

The course will cover chapters 7, 13, and 14 in the textbook.

Optional Textbooks or Other References

Texas Essential Knowledge and Skills for Mathematics

http://ritter.tea.state.tx.us/rules/tac/chapter111

Supplies

A graphic calculator TI 83, TI 84 or TI 84 Plus, regular access to high speed internet and MS Office applications (e.g., Word, Power Point, Excel).

F. STUDENT LEARNING OUTCOMES AND ASSESSMENT

Assessment is a process used by instructors to help improve learning. Assessment is essential for effective learning because it provides feedback to both students and instructors. A critical step in this process is making clear the course’s student learning outcomes that describe what students are expected to learn to be successful in the course. The student learning outcomes for this course are listed below. By collecting data and sharing it with students on how well they are accomplishing these learning outcomes students can more efficiently and effectively focus their learning efforts. This information can also help instructors identify challenging areas for students and adjust their teaching approach to facilitate learning.

By the end of this course, students should be able to:

1. Use, model, justify and explain relationships, operations and algorithms involving rational numbers, ratios, proportions and percent; as well as compare and contrast proportional and non-proportional relationships.

2. Create, use and explain a variety of appropriate data displays (tables, charts, graphs) and basic descriptive statistics that summarize data sets; compare and contrast the various representations.

3. Create, use and evaluate simulations and models that explore simple and compound
experimental probability events. Use, justify and explain appropriate counting techniques, including permutations and combinations, to determine theoretical probabilities. Discuss the similarities and differences between experimental and theoretical probabilities.

4. Identify correct and incorrect mathematical reasoning, and analyze error patterns present in EC-6 student work, and suggest remediation for these errors.

5. Write, and solve mathematical problems that involve proportional, probabilistic, and statistical reasoning, as well as basic ideas of mathematical modeling, in a variety of mathematical or non-mathematical settings.

6. Communicate mathematical ideas appropriately through multiple representations, including oral and written words, concrete manipulative materials and pictures, graphs, tables, and symbols.

G. INSTRUCTIONAL METHODS AND ACTIVITIES

This is a blended course (50%-84% online), recommended only for highly disciplined students who can commit to a rigorous schedule of individual study. The in-class instructional activities are designed under the assumption that students will have completed their online assignments before coming to class. Those in-class instructional activities will build upon the mathematical content of the online assignments. Students will be required to justify their solutions and critique their peers’ solutions to problems publicly (i.e., in class, in front of their peers), give individual or group presentations, and participate in whole-class discussions and activities.

H. MAJOR COURSE REQUIREMENTS AND GRADING

Grades will be based on the percentage of total points the student earns. There will be points given on the following:

<table>
<thead>
<tr>
<th>ACTIVITY/ASSIGNMENT</th>
<th>% of FINAL GRADE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Online Homework (MyLabsPlus 25% and Blackboard/Discussion Forum 25%)</td>
<td>50%</td>
</tr>
<tr>
<td>Quizzes (face-to-face, in class, unannounced)</td>
<td>20%</td>
</tr>
<tr>
<td>Midterm Exam (face-to-face)</td>
<td>10%</td>
</tr>
<tr>
<td>Class Participation</td>
<td>10%</td>
</tr>
<tr>
<td>Final Project (face-to-face)</td>
<td>10%</td>
</tr>
</tbody>
</table>

The Online Homework, Quizzes and the Exam will be graded based on the number of correct answers. Specific directions for course activities/assignments (e.g., content, format, submission, deadlines, feedback) will be announced in class and/or posted on TAMUCC-Blackboard, at https://bb9.tamucc.edu/. The Final Project and some of the classroom activities requiring a presentation will be graded using the following Grading Rubric:
<table>
<thead>
<tr>
<th>Category</th>
<th>Exemplary</th>
<th>Good</th>
<th>Satisfactory</th>
<th>Unsatisfactory</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subject knowledge 50%</td>
<td>Demonstrates subject knowledge throughout the entire assignment. All information is clear, appropriate, and accurate. The solutions to all problems are correct.</td>
<td>Demonstrates subject knowledge most of the time. Most of the information is clear, appropriate, and accurate. Most of the solutions to problems are correct, some solutions have minor errors.</td>
<td>Demonstrates some subject knowledge. Some information is clear, appropriate, and accurate. Some solutions to problems are correct.</td>
<td>Subject knowledge is not demonstrated. Information is confusing, insufficient, inappropriate, and inaccurate. Most of the problems have incorrect solutions.</td>
</tr>
<tr>
<td>Organization 30%</td>
<td>The sequence of information/proof is logical and well organized.</td>
<td>The sequence of information/proof is well organized.</td>
<td>Some parts of the sequence of information/proof is organized.</td>
<td>The sequence of information/proof is disorganized.</td>
</tr>
<tr>
<td>Communication (written paper, and/or ppt and oral presentation) 20%</td>
<td>Excellent written communication of ideas/ excellent integration of spoken and visual presentation.</td>
<td>Good written communication of ideas, most of the time/good integration of spoken and visual presentation, most of the time.</td>
<td>Some parts are well written, and ideas are communicated effectively / some parts of the presentation are coordinated orally and visually.</td>
<td>The written paper is hard to follow, ideas are not communicated effectively / the presentation is hard to follow, the spoken and visual presentation are not integrated.</td>
</tr>
</tbody>
</table>

Final grades will be assigned according to the following table:

**Percentage Grade**

- \( \geq 90.0\% \) A
- \( \geq 80.0\% \) B
- \( \geq 70.0\% \) C
- \( \geq 60.0\% \) D
- Below 60% F

I. COURSE CONTENT/SCHEDULE

<table>
<thead>
<tr>
<th>WEEK/DATE</th>
<th>TOPICS</th>
<th>CHAPTERS</th>
<th>ASSIGNMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Week 1</td>
<td>7.1 Decimals and Real Numbers</td>
<td>Chapter 7</td>
<td>Online Homework 7.1 (MyLabsPlus &amp;Discussion Forum)</td>
</tr>
<tr>
<td>9/5, 9/7*</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Week 2</td>
<td>7.2 Computations with Decimals</td>
<td>Chapter 7</td>
<td>Online Homework 7.2 (MyLabsPlus &amp;Discussion Forum)</td>
</tr>
<tr>
<td>9/12, 9/14*</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Week</td>
<td>Dates</td>
<td>Topic</td>
<td>Chapter</td>
</tr>
<tr>
<td>------</td>
<td>-------</td>
<td>-------</td>
<td>---------</td>

<tr>
<td>3</td>
<td>9/19, 9/21*</td>
<td>7.3 Proportional Reasoning</td>
<td>Chapter 7</td>
</tr>
<tr>
<td>4</td>
<td>9/26, 9/28*</td>
<td>7.4 Percent</td>
<td>Chapter 7</td>
</tr>
<tr>
<td>5</td>
<td>10/3, 10/5*</td>
<td>13.1 Organizing and Representing Data, 13.2 Measuring the Center and Variation of Data</td>
<td>Chapter 13</td>
</tr>
<tr>
<td>6</td>
<td>10/10, 10/12*</td>
<td><strong>Midterm Exam Oct 10</strong></td>
<td>Chapter 7</td>
</tr>
<tr>
<td>7</td>
<td>10/17, 10/19*</td>
<td>13.3 Statistical Inference</td>
<td>Chapter 13</td>
</tr>
<tr>
<td>8</td>
<td>10/24, 10/26*</td>
<td>Review Chapter 13</td>
<td>Chapter 13</td>
</tr>
<tr>
<td>10</td>
<td>11/7, 11/9*</td>
<td>14.3 Permutations and Combinations</td>
<td>Chapter 14</td>
</tr>
<tr>
<td>11</td>
<td>11/14, 11/16*</td>
<td>14.4 Theoretical Probability</td>
<td>Chapter 14</td>
</tr>
<tr>
<td>12</td>
<td>11/21*, 11/23**</td>
<td>Review Chapter 14 <strong>11/23 Thanksgiving Day – No classes</strong></td>
<td>Chapter 14</td>
</tr>
<tr>
<td>13</td>
<td>11/28, 11/30*</td>
<td>Final Review (work on project)</td>
<td>Chapters 7, 13, 14</td>
</tr>
<tr>
<td>14</td>
<td>12/5</td>
<td>Final Review (work on project)</td>
<td>Chapters 7, 13, 14</td>
</tr>
<tr>
<td>12/14</td>
<td><strong>Final Exam (Final Project) (face-to-face)</strong></td>
<td>Chapters 7, 13, 14</td>
<td><strong>Final Exam Thursday Dec 14, 11:00AM-1:30PM</strong></td>
</tr>
</tbody>
</table>

*Online delivery and assignments, no face-to-face classes.

Note: Changes in this course schedule may be necessary and will be announced to the class by the instructor. The assignments and exams shown are directly related to the Student Learning Outcomes described in Section F.

J. **COURSE POLICIES**

**Attendance/Tardiness**
You are expected to attend every class session, and arrive on time. There is no make up for class activities, you need to be present to participate. All the absences will be considered “unexcused” unless you have an exceptional situation (e.g., documented illness, family situation), and you email the instructor about it.

**Late Work and Make-up Exams**
Late assignments will not be accepted, unless exceptional circumstances prevent you from completing them. Extension of deadlines will be at the instructor’s discretion. Late assignments may result in partial or total loss of credit. There are **NO** make-ups for quizzes, exams, or in-class activities. Two of the lowest grades for quizzes will be dropped (i.e., will
Extra Credit  
There will be no extra credit for this course.

Cell Phone Use  
Please silence phones before coming to class. If you need to take a call, please go outside the classroom.

Laptop Use  
In general, you cannot use your laptops during class activities or exams. For special circumstances (e.g., presentations), or special needs, please talk with the instructor.

Food in Class  
Refrain from bringing food to class. For special needs or occasions, please talk with the instructor.

Missed Exam  
Exceptional circumstances (e.g., documented illness, family situations) may be considered at the instructor’s discretion.

Participation  
You are expected to come to class prepared every time, and participate in class activities.

K. COLLEGE AND UNIVERSITY POLICIES

- Academic Integrity (University)  
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in a failing grade.

- Classroom/Professional Behavior  
Texas A&M University-Corpus Christi, as an academic community, requires that each individual respect the needs of others to study and learn in a peaceful atmosphere. Under Article III of the Student Code of Conduct, classroom behavior that interferes with either (a) the instructor’s ability to conduct the class or (b) the ability of other students to profit from the instructional program may be considered a breach of the peace and is subject to disciplinary sanction outlined in article VII of the Student Code of Conduct. Students engaging in unacceptable behavior may be instructed to leave the classroom. This prohibition applies to all instructional forums, including classrooms, electronic classrooms, labs, discussion groups, field trips, etc.
• Statement of Civility
Texas A&M University-Corpus Christi has a diverse student population that represents the population of the state. Our goal is to provide you with a high quality educational experience that is free from repression. You are responsible for following the rules of the University, city, state and federal government. We expect that you will behave in a manner that is dignified, respectful and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

• Deadline for Dropping a Course with a Grade of W (University)
I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. **Please consult with your academic advisor, the Financial Aid Office, and me, before you decide to drop this course.** Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. Please consult the Academic Calendar ([http://www.tamucc.edu/academics/calendar/] ) for the last day to drop a course.

• Grade Appeals (College of Science and Engineering)
As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules website at [http://www.tamucc.edu/provost/university_rules/index.html](http://www.tamucc.edu/provost/university_rules/index.html), and the College of Science and Engineering Grade Appeals webpage at [http://sci.tamucc.edu/students/GradeAppeal.html](http://sci.tamucc.edu/students/GradeAppeal.html). For assistance and/or guidance in the grade appeal process, students may contact the chair or director of the appropriate department or school, the Office of the College of Science and Engineering Dean, or the Office of the Provost.

• Disability Services
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call (361) 825-5816 or
visit Disability Services in Corpus Christi Hall 116.

If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

http://disabilityservices.tamucc.edu/

- **Statement of Academic Continuity**
  In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

L. **OTHER INFORMATION**

- **Academic Advising**
  The College of Science & Engineering requires that students meet with an Academic Advisor as soon as they are ready to declare a major. The Academic Advisor will set up a degree plan, which must be signed by the student, a faculty mentor, and the department chair. Meetings are by appointment only; advisors do not take walk-ins. Please call or stop by the Advising Center to check availability and schedule an appointment. The College’s Academic Advising Center is located in Center for Instruction 350 or can be reached at (361) 825-3928.

**GENERAL DISCLAIMER**

I reserve the right to modify the information, schedule, assignments, deadlines, and course policies in this syllabus if and when necessary. I will announce such changes in a timely manner during regularly scheduled lecture periods.
