The Art of the Theatre explores the origins, elements, and ideas concerning theatre as it affects us today. This is accomplished through reading of the text, an exploration into the creative processes associated with the productions of live plays, and an examination of the theatre through the imagination of both the theatre artist and the audience. The student is expected to view at least one live production to use for the final essay. The instructions for the essay paper are at the end of this syllabus.

Student Learning Objectives:

1. Critical Thinking and Social Responsibility: The student will learn an overview of the history of the Theatre and understand the historical, cultural, and social issues such as social responsibilities and morality that inform and shape Theatre as an art form. The student will demonstrate this understanding through an essay on the social responsibility or moral lesson that the live play they view conveys.

2. Teamwork and Communication: The student will learn the contributions and collaboration (teamwork) of the playwright, the actor, the designers, management and the audience into the creative process of the Theatre and how Theatre communicates its message to the audience. The student will demonstrate this understanding of teamwork and the communication process through a written report on the live play they view and the design choices that the collaboration of designers use to convey the message of the play.

3. Critical Thinking and Communication: Having learned an overview of the history of the Theatre and its connections with history, culture, and social responsibility, and the contributions
and collaborations (teamwork) of Theatre artists and management, the student will be able to critically evaluate Theatre and develop an informed, aesthetic response to Theatre as an art form. The student will demonstrate this development of an aesthetic response through the critical play analysis and written report on a live play they view.

1. The Student Process:
   A. Students purchase the digital text on DVD at the website provided.
   B. Within the cover of the DVD is a serial number. They then go to the NSS Press website at http://www.nsspress.com and with that serial number they use the automated system to set up their own login and password to enter the text site online. It is important that students pick their instructor when they register the DVD. DO NOT USE THE
QUIZZES ASSOCIATED WITH THE WEBSITE.
YOUR CHAPTER QUIZZES ARE ON THE BLACKBOARD SITE UNDER ASSESSMENT.

It is very important that students register the DVD because the text online is continually updated and current, especially with the newest videos.

D. There is a search engine that takes the place of a printed index at the text website that is very useful for students. They can search for any items within the text with this search engine.

Academic Integrity/Plagiarism

University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in a failing grade for that assignment.

Dropping a Class

I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with your academic advisor, the Financial Aid Office, and me, before you decide to drop this course.
Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. April 6, 2018 is the last day to drop a class with an automatic grade of “W” this term.

Students engaging in unacceptable behavior may be instructed to leave the classroom. This prohibition applies to all instructional forums, including classrooms, electronic classrooms, labs, discussion groups, field trips, etc.

Grade Appeals

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the
final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://academicaffairs.tamucc.edu/rules_procedures/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost. **Disabilities Accommodations**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116.

**Statement of Academic Continuity**

In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two
days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

*Academic Advising*

The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. Degree plans are prepared in the CLA Academic Advising Center. The University uses an online Degree Audit system. Any amendment must be approved by the Department Chair and the Office of the Dean. All courses and requirements specified in the final degree plan audit must be completed before a degree will be granted. The CLA Academic Advising Office is located in Driftwood #203. Please email me your final paper at don.luna@tamucc.edu. DO NOT SEND YOUR FINAL PAPER TO ME VIA BLACKBOARD

Final Paper on a live play due by AUGUST 3 at 5pm.

Please structure your paper by answering and numbering each question. Answer each of the questions within each number (from 1-5).

Play Review Guidelines
DURING THE PRODUCTION
1. Arrive early with a positive attitude and an open mind.
2. Check out the program and be sure to take it home with you.
3. When the show begins, turn your full attention to the stage; let yourself become immersed in the world of the play. Don’t try to analyze or figure out the play or production yet.
4. DO NOT TAKE NOTES DURING THE SHOW.

STRUCTURING YOUR CRITIQUE/REVIEW
Your written review will need to be between three to five typed, double-spaced pages. You MUST support your opinions with specific examples from the performance. Please organize your review using the following guidelines.

Paragraph 1—The Script. Comment on the text of the play as a works of literature. Was it of merit to produce? Was it interesting and appropriate for the audience in attendance? What particular theme(s) did the work address? Do not summarize the plot or re-tell the story of the play. Your review is for me, and I have also seen it I’m sure!

Paragraph 2—Design Elements. Consider the costumes, lighting, set and sound. Did the design of these elements contribute to the overall quality of the production? Did they help you better understand environment, location, theme, subject matter, etc? How could the design elements be improved?

Paragraph 3—Acting. Were the characters believable within the world of the play? Were you able to hear and understand lines of dialogue clearly? Did the actors react and respond accordingly to the situations and events of the play? Who was your favorite performer? Why? Which performer could use the most improvement? What could they do to get better? Use specific examples from the performance to support your opinions.
**Paragraph 4—Directing.** Did the director use movement patterns (blocking) that supported the action in each scene? Did all of the different elements of the theatrical event (design, acting, blocking, etc.) contribute the overall effectiveness of the show? Did the performance run smoothly and professionally?

**Paragraph 5—Audience Response.** What was your overall reaction to the play? Was it enjoyable, moving, funny, thought-provoking, and/or engaging? What was the general response from the rest of the audience? Did you overhear anyone comment about the performance as they were leaving? What would have improved your enjoyment of this theatrical event?
