ATTENDANCE
Attendance in this course is critical to your success. For purposes of grading, no distinction will be made between excused and unexcused absences (excluding absences for recognized religious holidays, death in your family, doctor’s excuse with documentation, and approved university functions.) Your absence affects the progress of the entire class. Each absence in excess of two will lower your average a full letter grade. More than four absences will result in a failing grade for the course. Exceptions under extreme circumstances may be made at the discretion of the instructor. You must consult with the instructor immediately to make such an exception viable BEFORE your absence.

If you are unable to participate fully in the class, a written observation is acceptable. You may use this substitution for participating in the class two times per semester.

Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.
