NURS 4173.001 Biobehavioral Nursing Interventions III: Family and Child Health and Complex Health Issues Across the Lifespan

FACULTY: Julie Fomenko, PhD, MSN, RN, CHSE
OFFICE: IH 334
OFFICE HOURS: TBA
TELEPHONE: (IH 334) 825-3323. (SCLC) 825-2353
EMAIL: julie.fomenko@tamucc.edu
CLASS TIME: Tuesdays 1p – 3p
LOCATION: CS 115 or Simulation & Clinical Learning Center (SCLC)
CREDITS: 1 semester hour

1. Course Description: Biobehavioral Nursing Interventions III: Family and Child Health and Complex Health Issues Across the Lifespan (1 SCH): Through psychomotor skill development and simulation this course advances health assessment, psychosocial, psychomotor, critical thinking, and therapeutic communication skills essential to caring for the childbearing family as well as infants, children, and adolescents with chronic/unique conditions across health care settings with an emphasis on primary care.

2. Course Purpose Articulated/ Audience Defined: The purpose of this course is to help accelerated BSN students become competent practitioners and develop skills of reflective practitioner to expand expertise in practice to designated populations.

3. Pre-Requisites Defined
This is a third semester course.

4. Student Learning Outcomes
   a. Apply advanced concepts to integrate nursing for childbearing family as well as infants, children, and adolescents with chronic/unique conditions across health care settings with an emphasis on primary care.
   b. Formulate comprehensive, interdisciplinary plans of care for culturally diverse childbearing families as well as infants, children, and adolescents with chronic/unique conditions across health care settings with an emphasis on primary care.
   c. Critically assess evidence-based practices that inform healthcare delivery for culturally diverse childbearing family as well as infants, children, and adolescents with chronic/unique conditions across health care settings with an emphasis on primary care.
   d. Demonstrate holistic examination nursing assessments and interventions according to established criteria.

5. Major Course Requirements

   Participation/Professionalism: Student engagement is essential for baccalaureate learning. Demonstration of behaviors that exemplify expectations of the professional nurse and life-long learning is expected. Grades on weekly assignments and class participation will be used.
Concept Assignments/Quizzes: Concept assignments and scheduled content assessments will be administered throughout the course to periodically evaluate student mastery of the content.

Simulation Activities: A variety of active skills training, concept activities, and simulation activities will be used to demonstrate student mastery of the essential concepts including but not limited to documentation assignments, group activities, simulations, and assessment and intervention skill demonstrations.

6. Required Readings

c. Elsevier Nursing Concepts Online for RN 2.0 (2nd ed.) – a web-based resource
d. Open Educational Resources

7. Evaluation (Grading) Criteria Included

Evaluation is a mutual on-going process providing the student and faculty with feedback regarding their performance in achieving course objectives.

Grading Determinants:

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participation/Professionalism</td>
<td>40%</td>
</tr>
<tr>
<td>Concept Assignments</td>
<td>40%</td>
</tr>
<tr>
<td>Simulation Activities</td>
<td>20%</td>
</tr>
<tr>
<td></td>
<td>100%</td>
</tr>
</tbody>
</table>

To pass this course and progress, the student must obtain a grade of at least 75% (C).

The grading scale for the College of Nursing and Health Sciences is:

A 90 – 100               D 67 – 74
B 83 – 89               F below 67
C 75 – 82

8. Course Outline and Topics

<table>
<thead>
<tr>
<th>Semester Week</th>
<th>Concepts Covered</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td><em>Integrate physical and behavioral health knowledge from all lecture and lab courses.</em></td>
</tr>
<tr>
<td>1</td>
<td></td>
</tr>
<tr>
<td>2</td>
<td></td>
</tr>
<tr>
<td>3</td>
<td></td>
</tr>
<tr>
<td>4</td>
<td></td>
</tr>
<tr>
<td>5</td>
<td></td>
</tr>
<tr>
<td>6</td>
<td><em>Formative evaluations (if necessary) due this week</em></td>
</tr>
<tr>
<td>7</td>
<td></td>
</tr>
</tbody>
</table>

NURS 4173 – p. 2
9. Course Policies

Attendance/Tardiness
Attendance will be documented during each class period. Class participation is an essential part of learning and is related to student performance. Tardiness shows a lack of respect for your peers and your faculty. Students who are tardy will not be admitted to class and will count as a class absence. Absences from more than 3 classes may result in a reduction in class grade of one level, for example, from an A to a B. Persons leaving or asked to leave prior to the end of class, or at any time during class, will be counted absent. Although there are no excused class absences except for official university business, persons who are ill should be courteous to classmates and not attend class. You are expected to contact your instructor if you are planning on missing class.

Simulation Lab Expectations
Loss of time in the simulation and skills laboratory could place a student at risk of not meeting course objectives, thus failing the course. If an absence from the simulation lab is absolutely necessary, the student is expected to notify the instructor at least one hour before the class begins. In the majority of cases, an absence will be counted as a clinical warning, but each situation will be evaluated with your instructor. If you are sent home for any reason, it is counted as an absence. There are several infractions that might lead to a student being given a clinical warning for the day, including but not limited to:

- Absences
- Tardiness
- Illness
- Violation of dress code
- Incomplete immunization records
- Expired CPR certification
- Failure to turn in assignments when due
- Incomplete hospital orientation in Blackboard
- Lack of preparation

Accumulating two (2) warnings during the course will lead to course failure.
Other offenses, which depending on severity, may lead to immediate failure of the course, including but are not limited to:

- No call, no show for clinical day
- Unsafe/unprofessional behaviors
- HIPAA violations
- Inability to pass required assignments
- Falsification of records

Based on student learning needs, pattern of unprofessional behavior, and nature of precipitating event(s), the instructor will determine the appropriate amount of time and assignments needed to assess student growth. The instructor may require additional assignments and lab time to ensure students have met course objectives. Students are expected to comply with any additional assignments or hours assigned.

Students judged to be unsafe may be failed from the course at any time. Unsafe behavior may be demonstrated through the omission or commission of actions that may harm patients or unprofessional behaviors consistent with inappropriate clinical judgment.

Electronics in the classroom
The iPad devices are a substantial part of interactive learning in the classroom. It is therefore, required that students come to class with their iPad device and Apple Pencil fully charged. It is recommended to
bring charging cables to class. It is the student’s responsibility to replace lost pencils or iPad devices. iPad devices are your tools for learning and will be used in the classroom for this purpose. During class time, iPad devices are not to be used for other activities including but not limited to checking personal email, browsing social media, and online shopping unless otherwise directed to do so. Other technology may be used in the classroom, for learning purposes at the discretion of the faculty.

Late Work and Make-up Exams
Work submitted late will be subject to point deductions as follows: 10 points will be deducted for submissions up to 1 week after the due date. A grade of zero will be awarded for any submissions greater than 1 week late. If a student is aware they may need to submit an assignment late due to illness or other circumstances, it is the student’s responsibility to inform the professor prior to the due date. Deductions for late assignments with special circumstances and notification before the due date may be waived. Make up assignments and/or quizzes will only be offered in extenuating circumstances.

Academic Integrity/Plagiarism
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, multiple submission, collusion, falsification, forgery, complicity or plagiarism. Plagiarism is the presentation of the work of another as one’s own work. Collusion is helping or attempting to help another to commit and act of academic dishonesty. In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in report a zero and report to the Academic Integrity Committee.

Dropping a Class
I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with your academic advisor, the Financial Aid Office, and me before you decide to drop this course. Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class.

Preferred Methods of Scholarly Citations
Scholarly citations are to follow the APA guidelines as published in the 6th ed. APA Manual.

Classroom/Professional Behavior
Texas A&M University-Corpus Christi, as an academic community, requires that each individual respect the needs of others to study and learn in a peaceful atmosphere. Under Article III of the Student Code of Conduct, classroom behavior that interferes with either (a) the instructor’s ability to conduct the class or (b) the ability of other students to profit from the instructional program may be considered a breach of the peace and is subject to disciplinary sanction outlined in article VII of the Student Code of Conduct. Students engaging in unacceptable behavior may be instructed to leave the classroom. This prohibition applies to all instructional forums, including classrooms, electronic classrooms, labs, discussion groups, field trips, etc.

Statement of Civility
Texas A&M University-Corpus Christi has a diverse student population that represents the population of the state. Our goal is to provide you with a high-quality educational experience that is free from repression. You are responsible for following the rules of the University, city, state and federal government. We expect that you will behave in a manner that is dignified, respectful and courteous to all
people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

**Grade Appeals**

As stated in University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.C2.01, Student Grade Appeal Procedures. These documents are accessible through the University Rules Web site at http://www.tamucc.edu/provost/university_rules/index.html. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost.

**Disabilities Accommodations**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116. If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

**Title IX**

As part of the Texas A & M Corpus Christi University policy, pregnant students are urged to contact the Title IX office for facilitation of academic issues impacted by pregnancy, delivery and subsequent complications. Contact information: Mr. Samuel Ramirez, Title IX Coordinator or Ms. Rosie Ruiz, Deputy Title IX Coordinator (825-5826).

**Active Military Duty**

Active duty military personnel, military spouses, and veterans with special circumstances (e.g.: deployment, drill requirements, disabilities) are welcome and encouraged to communicate these, in advance if possible, to the course and clinical instructor.

**Support Services**

Students are encouraged to seek faculty assistance in accessing University Services, including tutoring, health services, personal counseling, degree counseling, financial aid, learning resources, job/work placement, career guidance, and computer/technical support/instruction. If a student is interested in other support services provided by the University, the student is encouraged by the College of Nursing and Health Sciences and the University to seek these services.

**Statement of Academic Continuity**

In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi; this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow
continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

10. Syllabus Disclaimer: While the provisions of this syllabus are as accurate and complete as possible, the faculty reserves the right to change non-critical aspects of the course to accommodate emergencies, unexpected technical problems, or any unforeseen circumstances. Such changes will be announced as soon as feasible and will be communicated by course email or announcements via Blackboard. It is the STUDENT'S responsibility to keep abreast of course announcements. Questions regarding course requirements should be addressed when the syllabus is received, within the first week of the course.

The Texas A&M University Corpus Christi: TAMUCC College of Nursing and Health Sciences Student Handbook is available online: http://conhs.tamucc.edu/shb

11. Syllabus and Schedule Acknowledgement Statement

Please read and review the course syllabus and calendar for NURS. We will discuss any questions during our first class on August 27, 2019. Please submit the following statement via the Blackboard assignment tab for NURS 4172 before January 28, 2020. You may use the copy & paste function of the statement in red below and submit to the “Write Submission” tab found under Syllabus Agreement assignment tab.

I have read and reviewed the expectations set forth in the NURS 4173 course syllabus. I have been provided an opportunity to clarify questions. I understand and will abide by the expectations set forth in the NURS 4173 course syllabus. My typed name verifies my understanding.
