Course Description
Learn what it means to be a student and member of the Texas A&M University - Corpus Christi community in the two-semester sequence of First-Year Seminar (FYS). FYS explores different facets of college knowledge for academic and social success. As the integrative engine of a learning community, FYS engages students in a collaborative learning experience. By attending learning community courses with students, FYS faculty facilitate meaningful connections between linked courses. FYS students gain confidence in their individual skills and develop abilities for use in the academic community and beyond. UCCP 1102 emphasizes student success after the first-year.

SEMINAR COURSE EVALUATION

PARTICIPATION AND ATTENDANCE – 30%
It is vital that you attend each and every class. There is nothing that we will do in here that is not important to your success in this learning community. To encourage attendance, I will be taking up something from you (daily writings, quizzes, group tasks) every time we meet. However, you are allowed two absences. Use them well. After the second absence, any extra absences will affect your grade.

PORTFOLIOS – 30%
Two portfolios: Midterm is worth 10% and Final is worth 20%. The midterm portfolio will be due on October 2nd, while the final portfolio will be due on December 2nd. See the online portfolio descriptions for more information.

PROFESSIONALISM ASSIGNMENT – 10%
Written communication is an extremely important skill to have in college. This assignment looks at composing professional and well-written emails to a professor. Details will be given in your seminar class.

INTEGRATED ASSIGNMENT – 10%
Most of the work we will do in this course will relate to your other courses in the learning community. The IA is a critical reflection paper that will reflect on the major assignments shared in history, politics and seminar. This assignment will count in all of your learning community classes.

FIRST-YEAR SYMPOSIUM – 20%
All first-year students participate in First-Year Symposium (FYS) at the end of the Fall 2019 semester. It is a celebrated opportunity for students to share their academic work with the campus community. More information will be provided in the form of class discussion and an online assignment description.

Online Schedule
A detailed schedule for this course can be found at: http://bb9.tamucc.dedu

Late Work
Any major assignment (such as a portfolio) will not be accepted late. Please contact me in advance if there are extenuating circumstances that will cause you to miss a major due date. There will be no make-ups for missed daily grades.

Electronic Device Policy
Please refrain from the use of electronic devices during class, as it is distracting to not only you, but also to your instructor and peers. Laptops will be permitted for particular activities as deemed appropriate by the instructor.

Academic Honesty
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possessions of examinations or examination materials, forgery, or plagiarism.

Dropping a Class
I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with your academic advisor, the Financial Aid Office, and me before you decide to drop this course. Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class. April 5 is the last day to drop a class with an automatic grade of "W" this term.

Grade Appeal Process
As stated in University Rule 13.02.99.C2.01, Student Grade Appeal Procedures, a student who believes that his or her final grade reflects academic evaluation which is arbitrary, prejudiced, or inappropriate in view of the standards and procedures outlined in this class syllabus may appeal the grade given for the course. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. If the student believes the matter is not satisfactorily resolved at the student-faculty level, an appeal of the final grade in the class may be submitted, in writing, to the First-Year Learning Communities Coordinator. For complete details, please visit: http://academicaffairs.tamucc.edu/rules_procedures/index.html.
