Fall 2020
Business and Professional Communication

Course: COMM 1321.W01  Instructor: Dr. Joenie Myers
Semester: Fall 2020  Office: Classroom East 216D

Office Hours: TR 7:30-8/12:25-1:45, 5-5:30, W 2-3 online and/or by appointment
Office Phone: 825-3482 (please email me before calling, this is given for emergencies ONLY)
Email: Joenie.myers@tamucc.edu

PLEASE NOTE: You are responsible for knowing all information contained in this syllabus. Consult this document before asking about whether or not a class policy exists, or for due dates or deadlines.

This course is 100% online, and is not lecture-based. Students must manage time, deadlines and work independently to succeed.

Because communication will take place online, email (Bb Messages) professionalism is strictly enforced from students for all class and instructor communication, including authored Bb Messages and replies to the instructor (formal greetings on messages, proper message endings with a thank you including your full roster name, correct grammar, clear and concise messages - overall proper etiquette). Allow 3 business days, before following-up on an issue or a response to general communication from your instructor.

Course Overview
The purpose of this course is to introduce the basic skills, principles, and contexts of communication in business and professional settings. The content of the course synthesizes public speaking with aspects of communication ethics, organizational, small group and interpersonal communication. You will learn practical skills via presentations, research, resumes, interviews and professional writing grounded in communication theory.

Student Learning Outcomes
At the end of the semester, students will be able to:

- Identify key terms and major communication theories relevant to the study of business and professional communication
- Create resumes (one print, one visume) to enhance individual career and/or educational marketability
- Employ effective interviewing skills and techniques used in both F2F and electronic mediums
- Produce an effective corporate profile

Required Course Materials

*See schedule for assigned readings.

Additional supplemental readings will be available through the Blackboard site.
**Academic Advising**
The College of Liberal Arts requires that students meet with an Academic Advisor as soon as they are ready to declare a major. Degree plans are prepared in the CLA Academic Advising Center. The University uses an online Degree Audit system. Any amendment must be approved by the Department Chair and the Office of the Dean. All courses and requirements specified in the final degree plan audit must be completed before a degree will be granted. The CLA Academic Advising Office is located in Driftwood #203. For more information please call 361-825-3466.

**Disabilities Accommodations**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please call or visit Disability Services at (361) 825-5816 in Corpus Christi Hall 116.

If you are a returning veteran and are experiencing cognitive and/or physical access issues in the classroom or on campus, please contact the Disability Services office for assistance at (361) 825-5816.

**Grade Appeals**
As stated in University Procedure 13.02.99.CO.03, Student Grade Appeal Procedures, a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see University Procedure 13.02.99.CO.03, Student Grade Appeal Procedures. For assistance and/or guidance in the grade appeal process, students may contact the Dean’s office in the college in which the course is taught or the Office of the Provost. These documents are accessible through the University Website at: [http://academicaffairs.tamucc.edu/rules_procedures/assets/13.02.99.c0.03_student_grade_appeals.pdf](http://academicaffairs.tamucc.edu/rules_procedures/assets/13.02.99.c0.03_student_grade_appeals.pdf).

**Academic Integrity/Plagiarism**
University students are expected to conduct themselves in accordance with the highest standards of academic honesty. Academic misconduct for which a student is subject to penalty includes all forms of cheating, such as illicit possession of examinations or examination materials, falsification, forgery, complicity or plagiarism. (Plagiarism is the presentation of the work of another as one’s own work.) In this class, academic misconduct or complicity in an act of academic misconduct on an assignment or test will result in a zero for that assignment.
**Academic Honesty/Plagiarism:**

In an instructional setting, plagiarism occurs when a writer deliberately uses someone else's language, ideas, or other original (not common-knowledge) material without acknowledging its source. Plagiarism is a violation of academic expectations, but it is sometimes difficult to understand what plagiarism actually is. Often, students commit unintentional plagiarism (not citing sources properly, for example), because they are unaware of the standards that apply. Plagiarism includes:

- Using the work of another as your own,
- Downloading or purchasing ready-made essays off the web and using them as your own,
- Using resource materials without correct documentation,
- Using the organization or language of a source without using quote marks and proper citation.
- Turning in a researched project without citing sources in an appropriate documentation style.

When you are confused about citation of quotes or ideas, please visit the Writing Center or me to get help. Information on MLA documentation rules and APA documentation rules is available at Purdue University's OWL: [http://owl.english.purdue.edu/](http://owl.english.purdue.edu/), and from our local Writing Center at CASA.

**Dropping a Class**

I hope that you never find it necessary to drop this or any other class. However, events can sometimes occur that make dropping a course necessary or wise. Please consult with your academic advisor, the Financial Aid Office, and me, before you decide to drop this course. Should dropping the course be the best course of action, you must initiate the process to drop the course by going to the Student Services Center and filling out a course drop form. Just stopping attendance and participation WILL NOT automatically result in your being dropped from the class.

**Classroom/professional behavior**

Texas A&M University-Corpus Christi, as an academic community, requires that each individual respect the needs of others to study and learn in a peaceful atmosphere. Under Article III of the Student Code of Conduct, classroom behavior that interferes with either (a) the instructor’s ability to conduct the class or (b) the ability of other students to profit from the instructional program may be considered a breach of the peace and is subject to disciplinary sanction outlined in article VII of the Student Code of Conduct. Students engaging in unacceptable behavior may be instructed to leave the classroom. This prohibition applies to all instructional forums, including classrooms, electronic classrooms, labs, discussion groups, field trips, etc.

Some examples of such behaviors that you should refrain from are:

- Activities that distract students and the instructor from normal classroom procedures, such as talking, disruptive eating, texting, sleeping, etc.;
- Packing up to leave before class is over;
- Working, emailing, Facebooking, messaging, and other forms of computer/phone use – your instructor may ask you to close your computer or stop the inappropriate use;
- Leaving cell phones and other devices on or answering them during class, arrangements can be made if there is an emergency, this includes texting, and your phone may be confiscated until the end of the class period if you are using it;
- Racist, sexist, homophobic, or otherwise offensive comments or behaviors to classmates and/or university employees;
- Discussing, suggesting, or promoting behaviors that violate college policy in assignments or classroom discussion;
- Wearing hats or sunglasses or chewing gum/candy while giving a speech;
- Talking during lecture or while a classmate is giving a speech.

As the instructor, I pledge to do my best to present course materials in an interesting and engaging manner, to actively listen to and consider the ideas of every student in the classroom or online, and to be fair in grading all assignments.
Statement of Civility
Texas A&M University-Corpus Christi has a diverse student population that represents the population of the state. Our goal is to provide you with a high quality educational experience that is free from repression. You are responsible for following the rules of the University, city, state and federal government. We expect that you will behave in a manner that is dignified, respectful and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

Statement of Academic Continuity*
In the event of an unforeseen adverse event, such as a major hurricane and classes could not be held on the campus of Texas A&M University–Corpus Christi, this course would continue through the use of Blackboard and/or email. In addition, the syllabus and class activities may be modified to allow continuation of the course. Ideally, University facilities (i.e., emails, web sites, and Blackboard) will be operational within two days of the closing of the physical campus. However, students need to make certain that the course instructor has a primary and a secondary means of contacting each student.

Late Work
All assignments are due by the designated due dates. Late work is not accepted.

Communication
This course will rely on Blackboard to communicate electronically. Students need to be sure to check-in each Monday (when each unit starts) and throughout the week. Students must communicate with their instructor through Blackboard messages only. Allow 3 business days for instructor responses to issues/general communication before reaching out again. Remember to always use professional communication etiquette when reaching out to your instructor - formal greeting, clear and concise message, a closing statement with a thank you, along with your full roster name (perception and credibility are very important in higher education and in the workplace, so we must get into the habit of doing this.

Exams
Two exams will be given in the course. Exam questions will come directly from the assigned readings. Material on the exam will not necessarily be covered in units, so it is imperative that all students have access to the course textbook.

Assignment Requirements
Assignments should be double spaced with one-inch margins and typed in Times New Roman 12-point font. It is also important that student use APA citations in submitted assignments. Please see the section on plagiarism for more information. Students are also responsible for keeping track of assignments and grades.

Blackboard
Because this is an online course, it is imperative that all students check Blackboard regularly. If a student has technical difficulties, you will need to contact the university’s Help Desk at 361-825-2825 or 866-353-2491. Please give yourself ample time to submit assignments, in case there is a technological issue that requires troubleshooting from the university.
**Course Assignments**

**Discussion Forum Posts** (200 points): In order to discuss the assigned readings, students must craft reflective responses to the weekly course content and synthesize previous work and educational experience (if applicable) with the readings. Each student must post a new thread with 3-5 full paragraphs of original thought under the discussion forum for the assigned week, and also reply to 2 other students (unless otherwise noted), each reply must be 1-2 paragraphs. Comments on previous week’s posts are due by the following Sunday (the next week). For example, the discussion post for Chapters 1-4 are due Sunday, 8/30, then your 2 replies are due by the following Sunday, 9/6 for that post. Students must keep up with weekly discussions. Each post will vary in points. *A full paragraph consists of 5 sentences minimum.*

**Elevator Speech** (100 points): An elevator speech (or pitch) is a 60-90 second summary of your qualifications and strengths that can be recited easily during impromptu networking situations. In other words, if you step in to the elevator and see the CEO of the company you would love to work for, what would you say to him or her about yourself? The elevator speech must be recorded via webcam and posted to YouTube. **The link** must be posted to the discussion forum, and students must view and comment on the elevator speeches of 3 other students as well (the following week). **Do not try to attach the video file to Blackboard.** The student is responsible for researching, selecting and practicing before with a video software to use. Although you are not graded on video editing, lighting, setting, attire, camera focus/angle, etc. are taken into consideration with grading. Youtube videos can be “unlisted” for privacy.

**Job Posting, Resume & Cover Letter** (100 points): Early in the semester, you will choose an available job posting and will tailor your resume, cover letter, and mock interview strategy to align appropriately with the posting objectives. Your resume and cover letter must clearly state your qualifications, background, and your current career objectives. Your final resume and cover letter are due Sunday at 11:59 p.m. the week you are scheduled upload your interview video (found on Interview Dates discussion forum). Each student is required to comment constructively on the resumes and cover letters (along with videos) of **ALL** other students each week. See your unit and syllabus schedule for reply requirements. The resumes and cover letters will absolutely not be accepted late, as late submission is unprofessional behavior and not permitted in this class (the same expectations apply for all assignments). **Reminder, this assignment works in correlation with your Mock Interview Video.**

**Visume** (100 points): Employers are increasingly conducting interviews via telephone and Skype. An electronic account of your qualifications and objectives is also becoming increasingly desired so that employers may screen candidates’ communication skills, appearances and mannerisms. Your visume will be approximately 1.5 to 2 minutes, organized, structured, and thoroughly practiced and prepared. Remember, your visume is general and is not tailored to a specific job, rather a specific industry you are interested in.

Visumes must be recorded on a webcam and posted to YouTube. Students must post the YouTube **link** of their visume to the designated discussion forum. **Do not try to post the video file to Blackboard.** Visumes are due on the visume discussion forum on the designated week. Students must view and post comments on at least three other students (the following week). Execute this assignment with professionalism, so you can use the final product to market yourself. Once again, the student is responsible for researching and selecting a video software to use.

**Video Interview** (200 points): **Mock Interview Videos** will be created by the student with their video software. Videos will be due on the students’ assigned week (this assignment will take place over a four-week span). With the video, you will also turn in your cover letter and resume on the discussion forum. Video links will need to be uploaded (from Youtube), not the video file. **Check Blackboard your first week.**
to find your designated week for this assignment. Your week/date will be posted under the Interview Dates discussion forum. From there, you will need to find your date, and reply with your selected job posting (PDF or word document). Date requests will not be considered.

For the video, interviewees will be given questions to answer on video (questions can be found in their assigned week’s unit). Note: each assigned week has a different set of questions to answer (for example: if you are assigned to upload your materials during the second week of this assignment, you may not receive the same questions to answer as the students from the first week). It is important that you possess the same professionalism verbally and nonverbally like you would in a real interview situation.

You may opt to read your questions on the video, then answer, or to have someone else read them for you off camera. Students who do not submit these materials on time will receive a zero on the assignment, no exceptions. It is very important that your resume, cover letter and mock interview are taken seriously, as this is a large percentage of your grade.

Note to students: The above assignments are simulations of the actual interview process. Prepare your responses and communicate professionally for the interview and practice your answers thoroughly. Also, you will want to choose a location that is not distracting and dress professionally. The video quality, such as sound, lighting, location, etc. are also taken into consideration.

Exams (300 points): Students will be graded on 2 examinations during the semester. The exams will be objective (true/false and multiple choice).
**Grade Distribution**

**Evaluation**

Grades are based on demonstration of mastery of course material. Work that meets the minimum requirements of an assignment, is done on time, and displays average involvement with the course content is deserving of a 'C'. Higher grades are awarded to work that goes above and beyond the minimum standards to produce products that reflect superior intellectual effort, excellence in critical analysis, and overall creativity in the approach to any given assignment. Remember: perception, perception, perception! To average your grade up to any given point in the semester:

1. Add what you COULD have earned up to that point
2. Add what you have actually earned up to that point
3. Divide what you COULD have earned INTO what you actually earned you will have your current average in the course.

**Schedule**

Our weekly class rotation will start on Mondays and end each Sunday night at 11:59 p.m. All assignments, discussion forums, etc. will be due each Sunday evening at 11:59 p.m. Make sure to read the section regarding weekly discussion forums and responses (each week you will post on the discussion forum and respond to select classmates’ discussions from the previous week).

*It is imperative that you also visit the Units tab each week.

**Please note:** *This syllabus is tentative and can change at any time. Although we try our best to plan ahead, there are sometimes unforeseen circumstances throughout the semester, or the need to change for improvements. It is important to check Blackboard regularly to be informed of changes and additions.*

(Chapters 5-6, 10, 13, 14) | Due Monday, 12/1 @ 11:59 p.m. |

*Go to the Units tab on the left-hand menu in blackboard for more detail.*
Campus Safety Measures

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, Texas A&M University has adopted policies and practices for the Fall 2020 academic term to limit virus transmission. Students must observe the following practices while participating in face-to-face courses and course-related activities (office hours, help sessions, transitioning to and between classes, study spaces, academic services, etc.):

- **Self-monitoring**—Students should follow CDC recommendations for self-monitoring. **Students who have a fever or exhibit symptoms of COVID-19 should participate in class remotely and should not participate in face-to-face instruction.**

- **Face Coverings**—[Face coverings](https://www.tamucc.edu/fall-2020/face-coverings-faq/) (cloth face covering, surgical mask, etc.) must be properly worn in all non-private spaces including classrooms, teaching laboratories, common spaces such as lobbies and hallways, public study spaces, libraries, academic resource and support offices, and outdoor spaces where 6 feet of physical distancing is difficult to reliably maintain. Description of face coverings and additional guidance are provided in the [Face Covering policy](https://www.tamucc.edu/fall-2020/face-coverings-faq/) and [Frequently Asked Questions (FAQ)](https://www.tamucc.edu/fall-2020/face-coverings-faq/) available on the [Provost website](https://www.tamucc.edu/fall-2020/face-coverings-faq/).

- **Physical Distancing**—Physical distancing must be maintained between students, instructors, and others in course and course-related activities.

- **Classroom Ingress/Egress**—Students must follow marked pathways for entering and exiting classrooms and other teaching spaces. Leave classrooms promptly after course activities have concluded. Do not congregate in hallways and maintain 6-foot physical distancing when waiting to enter classrooms and other instructional spaces.

- To attend a face-to-face class, students must wear a face covering (or a face shield if they have an exemption letter). If a student refuses to wear a face covering, the instructor should ask the student to leave and join the class remotely. If the student does not leave the class, the faculty member should report that student to the [Student Conduct office](https://www.tamucc.edu/fall-2020/face-coverings-faq/) for sanctions. Additionally, the faculty member may choose to teach that day’s class remotely for all students.

**TAMU-CC Face Coverings**

TAMUCC Face Coverings Policy and FAQs:
[https://www.tamucc.edu/fall-2020/face-coverings-faq/](https://www.tamucc.edu/fall-2020/face-coverings-faq/)

Rule and Procedure:
